# Existential Therapy: 100 Key Points And Techniques

## Synopsis

Less of an orientation and more a way of understanding the challenges of being human, existential therapy draws on rich and diverse philosophical traditions and ways of viewing the world. Traditionally it has been seen as difficult to summarise and comprehend and the air of mystery surrounding existential ideas has been exacerbated by the dense language often used by philosophers and practitioners. *Existential Therapy: 100 Key Points and Techniques* provides a comprehensive and accessible guide to a fascinating and exciting body of knowledge, and the therapeutic approach it informs. Divided into five parts the topics covered include: Existentialism â “ inception to present day Theoretical assumptions Existential phenomenological therapy in practice Ethics and existential therapy Bringing it all together *Existential Therapy: 100 Key Points and Techniques* will be essential reading for all trainee and qualified counsellors, psychotherapists, psychologists and psychiatrists who want to use the wisdom of existential ideas in their work with clients. It will also benefit clients and potential clients who want to find out how existential ideas and existential therapy can help them explore what it means to be alive.

## Book Information

Series: 100 Key Points

Paperback: 268 pages

Publisher: Routledge (April 18, 2015)

Language: English

ISBN-10: 0415644429

ISBN-13: 978-0415644426

Product Dimensions: 5 x 0.7 x 7.6 inches

Shipping Weight: 10.6 ounces (View shipping rates and policies)
