The Unbroken Child: A Little Girl's Struggle To Survive. A Father's Wrath. A Woman's Power To Forgive

Synopsis

Beaten, Abused And Neglectedâ (this is the story of a little girl who went through hell but refused to let it break her..."He began to beat me mercilessly...first with his fist, then a chair, and finally an army style boot...As if that were not enough, he retrieved a hammer from the kitchen and hit me in my head three times as I attempted to scurry away. Finally, as I laid there with no strength to actually move, his size 10 work boot came down on my face, crushing my nose..."Emerald had a very hard life growing up. With a very abusive father and a mother who couldn't care less, there seemed to be no escape to her life. The abuse didn't end when she moved out of her parentsâ™ house though. She endured spousal abuse as well. She turned to a life of sin and debauchery as she saw no other way out. Beaten But Not Broken Eventually Emerald found light at the end of the tunnel and turned her life around. What makes this story amazing is not just that she survived all the abuse, it's that she refused to let her past define her and became a very successful woman, completely turning her life around. "The Unbroken Child" is a tale of severe physical abuse, sexual abuse, death and grief but most of all its a story about a little girl who went through hell and not only survived, but became a stronger and better person because of it. This is the story of a little girl who refused to be broken, no matter how bad her circumstances became. This book will make you laugh, cry and get angry but most importantly, it will inspire you and show the strength of the human spirit. Buy the book today and read the incredible story of Emerald Mack, never before released to the public.

Customer Reviews

Have you ever wanted to honor a request, and yet you dreaded the imagined emotional cost? I felt like that when I knew I wanted to say yes to the request of a new friend. He asked us to read this book. I read the title again, fearing the terror, blood, confusion, betrayal, utter vulnerability and wounds I would find strewn across the pages. Way before arriving at the forgiving part. The Unbroken Child: A Little Girl's Struggle to Survive. A Father's Wrath. A Woman's Power to Forgive, by Emerald Franklin. How does one dare comment on the holy ground of another's candid and sacred story? How can one hope to acknowledge the courage, and commend the growth with utmost respect? There is no way I can say I loved this book. I do say that it was almost impossible to put down, once I began reading it. And that I would be a poorer person, had I not read it. Pain and admiration make a strange pair, yet that is what I often felt. And sadness. There was wrenching sadness. Yet like most stories about lives of unfathomable struggle and real faith, sadness does not have the last word. Something infinitely more powerful, more lasting does. Even triumphs. I Corinthians 13:12-13 is what comes to mind: "For now we see in a mirror dimly, but then face to face. Now I know in part; then I shall understand fully, even as I have been fully understood. So faith, hope and love abide, these three; but the greatest of these is love." In many ways this book was too close to home. It was too much and it was just right. Never easy, yet truly worth it. It was as hard as I feared and more inspiring than I dared imagine. Thank you, Emerald Lakeisha Drenique Lewis Mack Marcell Franklin. Bless your heart!

Wow!! Talk about ripping the veil off of lies and secrets by an uncommon level of transparency. This is a telling transformation story from a brave and courageous lady, Emerald Mack that has experienced "true liberty" from her past..Emerald expresses the kind of freedom in her story that says "I am NOT my past, I am not what happened to me nor am I what I did to others". I truly believe that her life story will inspire and help others who want to be free. There's no stopping Emerald now!

The Unbroken Child is a well written and emotion- provoking book. At each stage of her

transformation I would remember parts of my past and how I evolved. I was hooked when I read "We teach men how to treat us by what we accept and we give them permission to be deadbeats in our lives because we allow them into our personal spaces that way". This is an excellent book and I recommend it to everyone.

Emerald's story of the strongholds that abuse created in her life captures the reader immediately. Her struggles are real and heart rendering. What courage it took to tell this story! It shows that God is able to pick up the broken pieces of our lives and put us back together better and stronger. This is truly an inspiring testimony that gives hope to all of us. God never gives up on His children, and He is truly a God of second chances. Thank you, Emerald for sharing and encouraging us.

An interesting story but the writing is very middle school. She jumps all over with no clear time line. I couldn't quite tell if she had two husbands or one since he dies in the middle but she keeps referring to him right to the end. Could be a new guy or just the screwing order of events.

If you are looking for a writer that shares her story from the heart, and without holding back then you will Emerald L. Mack's new book: The Unbroken Child. It is a story about redemption, the unchanging grace of God and pure honesty. Read this page turner and find out what happened to the little unbroken child.

The Unbroken Child is a book that needs to be read by anyone who has ever been a victim of any type of abuse. It is thought provoking and sheds light on the root cause of many destructive behaviors men and women sometimes carry. This book is great for enabling individuals to shed the cloak of shame that is sometimes carried after being abused. In short, The Unbroken Child is excellent, well written and much needed. Thank you Emerald for being transparent!

Thank you for sharing and for overcoming such terrible beginnings. I hope you have peace in your heart. I could not put the book down. Even though it made me sad I am amazed at people who survive such early childhood abuses. ❀❀❀
