Exalted Aspect Book Wood

Synopsis

The Verdant Children of Sextes Jylis Performers and doctors without compare, the Aspects of Wood are the naturalists and beast-tamers of the Dragon-Blooded Host. Yet these ever-growing Exalts are far more than mere healers and beast-tamers. With their expressive mastery and their devotion to the Dragon of Growth, Aspects of Wood are the roots of the Dragon-Blooded and the renewing fountain of their people. The Ashen Bows of the Wood Aspect Book: Wood is the final Aspect Book for Exalted • books detailing the differing Aspects of the Terrestrial Exalted. Within it lie the stories of five members of the Caste, from those who have just graduated secondary school to the schemings of the heroic and dissolute Sesus Nagezzer. This book also contains the new magical powers, rules and artifacts that Wood-Aspected characters will need to claim their role among their people as hunters and healers without compare.

Book Information
