#### **Customer Reviews**

This is the 4th book in the Paranormal Hunter Series and it's a short one, which once I started couldn't put down until I finished. Has a lot of action and a surprise.Sonnet is on a job for the PCPD. There are charred bodies showing up and Sonnet is asked to find out who or what is doing it. She can tell it's a dragon shifter and picks up the scent. She tracks the killer who is a Red Dragon called Maze from the Dark Flame Clan. Maze also happens to be Poppy's mother. There is a good reason

for the killings and you will have to read the story for yourself to find out the reason and what happens. I love this series and Sonnet is one feisty, courageous Paranormal Hunter. I adore her daughter, Poppy, and her Vampire lover, Bane. I can't wait to see what Sonnet gets into next!

The Paranormal Hunter series is my favorite by Gena D. Lutz and Dark Flame does not disappoint. Ms. Lutz has the ability to pull you into the story on page one and hold you till the last and this series just keeps getting better and better with each new book. I look forward to many more tales of Sonnet, Bane, Remy, Poppy, Quinn and all the great characters in this series.

This is a paranormal short story. This is the fourth book in the Paranormal Hunter books series. I recommend this for adults only. This is not a stand alone, you have to read the other books first, but it's so worth it... you will not be disappointed! Sonnet never ceases to amaze me, she has been to hell and back but motherhood seems to be her greatest and scariest adventure as of yet... but one she is facing head on. I simply adore Poppy she is her mother's child and is going to keep Sonnet's hands full.Demon hunting has nothing on motherhood... as Sonnet soon learns. Sonnet's heart is caught in her throat as she has to make some selfless choices. Fire breathers are harsh to say the least and one is one the loose. And this hunter will do anything to keep her loved ones safe. Who would have known the reasons behind all the firebreathers madness? A mothers love knows no boundaries.Favorite passages?"He was a handsome devil, with luscious caramel-colored hair that draped in a silky curtain down his back, stopping at waist level.""A slight breeze carried his crisp, earth-laden, scent to her- it was reminiscent of a cool windy day in the forest.""So you enjoy love stories that end with death, interestingly morbid in a sad romantic way.""Let me get this straight. You're telling me that some guy got his weeny roasted at the strip club?""The tresses licked the air much like a blazing inferno would do.""Sonnet's gonna rip my wings clean off me for this. Or give me an a\*\* chewing like I'm a piece of watermelon Hubba Bubba."

I don't know where to start. Initially after the first installment I had decided I wasn't going to follow through with the rest, but accidentally bought book 2, and then thought I will see it through. Sorry, but NO. This book amounts to my mind as an essay - too short - and honestly not enough for my money (especially if I can buy a full length novel (350 pages+) from one of my favorite authors for approximately \$6). Not drawn out enough. It's like an outline that is a basis for a book. It needs to be fleshed out. All we know about Bane is he has waist length caramel hair, blah blah. There is no character behind anyone (except for Poppy - maybe - though she went from hatchling to teenager in

a matter of months. What?? (No description of that event either. It just was.) The premise was good, it just lacked substance.

This is an awesome book with a HFN ending. Each book can be read as stand alone stories but I recommend reading them in order. Sonnet is one kick ass hunter and a great first time mom. Looking forward to the next book in the series.

Gena has done it again! I love Sonnet and her adventures,but I think her greatest adventure is yet to come with Poppy.I really tried to take my time reading this book but it wasn't happening.Very few series hold me like this one does.Can't wait to see what happens next!

Dark Flame (Paranormal Hunter Book 4) by Gena D. Lutz\*\*\*I was given an advanced reading copy of this book in return for an honest review\*\*\*It is one year since Sonnet was in Demon Hell and became a mother to dragon Poppy. Poppy is now a teenager in dragon years.In Phantom City there have been two wolves and a vampire burned by dragon fire (the vampire lived). While investigating the dragon who killed the wolves she not only finds her but is is burned.Maze who is the dragon who Sonnet is tracking. Maze is also Poppy's mother and they are from the Dark Flame clan.Gena D Lutz as done it again. I was riveted to the book from the first page to the last. And yes I kept trying to go to the next chapter but alas their was none. I can not wait to see what happens next. I am loving this series.

Once again in Gena D Lutz books. I'm pulled in by her lure of action and twist. A Phenomenal read that pulls at your very core. I could not wait to start this book because Sonnet Vale was one of my favorites so far.Dark Flame lures you in, intrigues you, turns your world upside down. Just when you think you have it figured out it changes on you. I was so happy to see a deeper glimpse within a different beings in the paranormal world. It's a definite twist when you get dragons, were, vampires and more. It's forbidding, dangerous, yet desirable and luscious. It gets darker and wilder so prepare for a ride!Sonnet shows you a lot more of her bad ass self but draws you into her net of people she realizes she's connected too. There are secrets she doesn't even know yet of Poppy. Together they embark on an adventure that holds Sonnet on the brink of no existence. The HOT were that Poppy desires does not disappoint! You'll have to read to find out but, it will not disappoint!The writer flows with her words effortlessly off the pages and is so in depth with characters that you are pulled in and on edge the entire time! Who can you trust? Who do you hate?

Who do you love? What is trust in hell? She finds things of her life, her other family that she never knew about her daughter or her daughter never knew. Take a ride in to the deeper much darker world! This book pulls you in and leaves you on the edge of the seat then at the end what's you with one hell of a cliffhanger making you scramble to grab the next book. It's words flow effortlessly off the page as does any if Gena's books. They'll keep you up for hours soaking in every word like a sponge. Be prepared for a huge book hangover. You'll want to start into the next book right away because as usual this cliffhanger leaves you biting your nails. Way to go Gena! That was one hell of a ride!
