The Werewolf Meets His Match (Nocturne Falls Book 2)

Synopsis

Welcome to Nocturne Falls, the town that celebrates Halloween 365 days a year. The tourists think it's all a show: the vampires, the werewolves, the witches, the occasional gargoyle flying through the sky. But the supernaturals populating the town know better. Living in Nocturne Falls means being yourself. Fangs, fur, and all. Getting arrested wasn't on werewolf Ivy Kincaid's agenda when she arrived in Nocturne Falls, but her life rarely goes according to plan. The upside of spending the night in the local lock-up is finding a hotel room is no longer a worry...but the downside is the man she's come to marry will get his first impression of her behind bars. Not exactly the way Ivy was hoping to meet her pack's sworn enemy...aka her fiancé. Sheriff (and werewolf) Hank Mellow is the alpha's heir. Everything he's ever done, from becoming an Army Ranger to serving in law enforcement, has been in preparation for the day he'll take over. Getting married to cement a shaky truce is no different. Hank will do his duty, even if it means shackling himself to a woman he has no intention of liking, let alone loving. But Ivy is nothing like Hank expected. As feisty as she is beautiful, she's as determined as he is to make a go of marriage for the sake of peace between their packs. The trouble is, Ivy has secrets that could destroy everything Hank holds dear...including his newfound love for her.

We're back in Nocturne Falls again, this time focused on our favorite law man, Hank Merrow. To settle a pack debt, Hank has three days to get used to the fact that he'll be marrying Ivy Kincaid, the daughter of a rival pack. As a fan of shifter novels, I'm well aware of pack law (though it varies from author to author), and am all kinds of ok with seeing a character marry someone for the good of the pack as opposed to marrying for love. The idea sucks, ya, but more often than not, love eventually happens. I like that Hank has grown up assuming one day he'd have to marry a woman to gain a truce between rival packs. He's a good guy, and is willing to take one for the team. Ivy, however, really wants to be able to live her life as she wants and with her son by her side. Her dad, alpha of the Kincaid pack, is an all-around horrible guy.. especially to her and her son Charlie. She really doesn't want to be married off, but then again there probably aren't that many people around that could treat her worse than her dad did. Ivy and Hank more or less hit it off, which is pretty lucky, all things considered. I was hoping that with the married-in-three-days issue, their relationship would go pretty slow. I mean, it does at first, but then they talk about love. I'm just one of those people that can't believe love can happen that fast, even if people do seem to totally hit it off. I'd really have liked to have seen a friendly wedding, then fast-forwarded a few times to further on in their relationship where they're thinking they could definitely love each other, and eventually show the happily married (and in love) couple maybe a year or so down the line. BUT that's just a bit of a pet peeve for me, not a real problem with the book.

Welcome back to Nocturne Falls, where everyday is Halloween. I definitely would not mind living in this town thanks to Kristen Painter, especially after reading the second book in the Nocturne Falls series, *The Werewolf Meets His Match*. I was intrigued by not only the storyline, but the characters that were in the story. It was not only the main characters that stood out to me, but the secondary characters that helped the main characters along. Kristen did an amazing job from beginning to end with this book. She had two wolf shifter characters being forced to marry each other, so there could be a truce with each others packs. Unfortunately, they've never met and they're going to meet each other unexpectedly. (I loved how these two met.) =) Drama is going to be brewing though, before there can be a wedding with these two. Some pack members are not liking the idea of the true and

some family drama may end up causing more havoc than good. Ivy Kincaid is the main female character and she's very strong-willed and determined. She's also a fighter. She's dealt with a lot in her pack and I was happy that she was going to finally get her HEA. (She definitely is one of my favorite female characters so far in this series.) Hank Merrow is the main male character and he's the Sheriff of Nocturne Falls. He's strong-willed and determined just like Ivy is, but he's also caring, protective, and sexy. Yup, he's sexy. He's never really been romantic, but he's definitely learning. (Oh, he's definitely learning.) The story definitely flowed well and with the help of some secondary characters, this book will be hard to put down. I seriously adored Birdie, even when she was being the annoying Aunt at times.
