Customer Reviews

This series keeps getting better and better. I absolutely love all the action and humor. I have grown to love these characters. Also, this book is the first one written following the leading man instead of the leading woman. It's an absolute treat to see inside Smoke's mind and his life.

The cliffhanger left over from book 5 continues here. Sid is no longer in Smoke's life and he

seems to have lost his will to enjoy life any more. For Smoke there is no life without Sid. He has looked everywhere for her and there is no trace of her. Then he gets an unexpected visit from Reginald the Doppelganger. Reginald entices Smoke to do a job for him "if Smoke takes the job and completes it, he will let Smoke see Sidney. So of course Smoke wants to know where she is so against his conscious he takes the job "any thing to see Sidney! You will need to read this book to find out what Smoke was suppose to do in order to get to see Sidney "and you need to read this book to find out if Sidney wants to be rescued or not! Until now we have been in Sidney's mind and knew her point of view, but starting with this book we are finally able to hear what goes through Smoke's mind. I was starting to think that these books should have been called "Sidney" and not "Smoke" until I read this book. It is good to hear both points of view. These are great books and I can't read them fast enough. I am now in the middle of the 7th book and it is just as good as the previous books. I can't think of one negative thing to say about these stories, unless that they are not written fast enough "LOL! I got this with my Kindle Unlimited.

Love this series!!!! Didn't realize I zoomed through them so fast. I'm waiting patiently for book 7!! So intense and thrilling!!!! Read read read!!! Thank you Craig for writing such excellent books. I'll read some of the others while I wait for the upcoming book.

This was great! Can hardly wait for the rest in the series.

I love this series. It's a fun twist on supernatural stories, the monsters from myths and bedtime stories are brought to life in modern times. They're pretty quick reads.

We find Smoke just where he flourishes best.....against the odds. Separated from Sid and growing desperate with worry, some touchy alliances must be made.

Loved it! I cried in the last book before this one, when Sid left. Up in Smoke starts the action back up again and shifts it in high gear! WooHoo!

This series is an exciting, witty, sexy, faced paced mystery that keeps you guessing and is quick read to boot! All ages will enjoy it.
