Be Freud: One Of The Most Powerful Psychoanalytical Tools You Will Ever Use (Eric Z's Fun & Games Psychology Profilers Book 1)

Synopsis

What can a drawing reveal? -- all the good stuff! Find out what the heck is in your kid's head! Find out what's in your lover's head... The House, Sun, Tree, Ax, Path, Snake DRAWING TEST. One of the most powerful psychoanalytical tools you will ever use. AND the #1 Psychoanalysis book on Amazon! Drawing tests are a direct window to the soul - our subconscious mind. This drawing test is so powerful it is even used by clinical psychologists. It is related to the HTP (House Tree Person DRAWING test) but it has added elements for even more accuracy and more REVEALING revelations! After doing this profile drawing test with your friends you will think it's almost unfair to have this knowledge in your hands! -- But...oh well, that's the power of psychology isn't it? Scroll up and grab a copy today! Early praise for Be Freud: "What spark is to gasoline, this book is to Freud." -- member Sanddog Sailor Make sure to go to www.BeFreud.com and sign-up for our newsletter (hint: special deals on our next books! ;-)

Customer Reviews

This short book is a cross between a fun game and an enlightening look at the secrets you keep from yourself. You begin by drawing a simple picture and the book deciphers the message your subconscious has just left for you. It will lay you bare. I loved seeing the drawings of real people, and how their drawings reflected the events in their lives. VERY enlightening.

I definitely didn't expect to see a full book. Eric had a simple version of this book published some time earlier which gave a glimpse of BE FREUD. After I got it, I experimented with it. What did I get? - I could surprise my friends by telling them about their very personal problems - Could sense where some of my clients were lacking - Even pin point more than 6 times on the exact trouble and advised solutions. How were these possible? Through the earlier slim version of this book. As a tool, This can help reveal a lot of things. If one is smart enough, the scope of applying these is definitely many... A good tool. Could have improved on the meat.

I was very disappointed with this book. I thought it was a book about Freud not drawing pictures. I read the whole book but didn't like it I could identify myself with 1 picture. I don't know if I have a better description or not. But I definitely will not suggest it to any one else. They said very little about Freud's theory

Wow! This is some serious Psychoanalysis! The Unconscious Mind is something to be reckoned with when dealing with The Test! You have no idea what a "so" ever the importance of a Controlled Environment Setting when you are dealing with Eric Z and The House. Eric Z has outdone himself with this book. You are in store for a great read and some serious psychoanalysis on your friends, family, and anyone else you decide to psychoanalyze! This book is worth more than the price that you will pay...
