# Innocence Lost: A Little Girl's Life Changed Forever

## Synopsis

Raped, molested and neglected, this is the story of an innocent little girl whose life was transformed forever."There you are. I thought you was running from me.â • He made a come hither motion with his finger and I did what he wanted..."Jay tried to warn me to be still ...He released one hand and grabbed the worm with the other. As quickly as he grabbed the worm, he let it go. Then he pulled my panties down...I knew he didnâ™t want to play dolls, I knew he didnâ™t want to talk.... All he wanted to do was put his hands in my secret spot and rub me. He wanted to try and put his snake into me and he wanted to get on top of meâ |.He gained entrance to my panties and began to rub the small slit between my legs...I felt the strange sensations again, moving down my thighs...I was gripping the bedspread so tightly that my knuckles were turning white...I couldnâ™t bear it...I just couldnâ™t stand looking at what he was doing.-excerpt from the storyInnocence Stolen From An Early AgeFrom a very early age, Juliana was repeatably molested and raped by one of her closest relatives. Every day was a struggle to survive. Her innocence was stolen from her and she would never be the same. This haunted her for the rest of her life. Because of social stigma, coming out and accusing her abuser would mean being ridiculed for life. She was forced to keep this a secret, even though it killed her inside. Jay knew this, and because of this he knew he have his way with Juliana...Award Winning StorySince its release, this story has become a national best seller for child abuse and has captured the hearts of thousands of people. This is not just a story about terrifying abuse and rape, this is a story about a little girl who escaped from hell and became a stronger person because of it.Buy the book now and read the true story of Juliana Hurd, never before released to the public.

## Customer Reviews

The subject matter is horrifying, the early scenes are almost unbearable in their brutality and shocking reality as a child wanders through a hellish existence she isn't even sure is wrong. This book captures the thoughts of a child enduring reality and imagination that is indistinguishable. It is a glimpse into a dark reality society refuses to confront. This isn't a poor me memoir, it's a tale of a life and the many turns we take as humans, it's a chance to walk in someone's shoes and take a step back and look at our own lives and relationships. See what it is to be hit by a belt by someone we love, to watch a mother's silence and denial. To be bullied and to bully and then to triumph over isolation. This isn't a grandiose seminar on greatness emerging from pain, it's a long talk with a good friend that leaves you both feeling a little better despite the subject matter.

Child abuse is a hidden epidemic. Author Juliana Hurd exposes this tragic truth by writing eloquently and beautifully about the experiences of a girl looking back on an abusive childhood and how she manages to deal with the torment. Looking forward to reading more of Ms. Hurd's writings!

It's a self-published book, if people can't handle a bit of bad grammar then stick to famous publishers that have money to spend on editors. Putting that to the side, I really enjoyed the book, I was able to step into someone else's life and how they handled everything. The schizophrenia part or whatever that people talk about in the reviews is her tapping into spiritual realms. I think that was one of the main reasons I kept reading on. I read about a girl who lost her innocence way too young and at the same time had to battle a spiritual war inside herself and around. Mixed with a bit of bisexual erotic stories ~% not bad. Good job Juliana!

This story definitely has a lot to offer. It's literally filled with everything you could imagine. From child abuse, drug use, sexual experimentation, interracial relationships, murder, life as a exotic dancer and even a tornado somewhere within the mix. I certainly was not expecting so much in one book.

But to my surprise it had so much more to offer than just how a child was abused. It also tells the realistic effects that a innocent child grows up to endure and the challenges that one must overcome after such abuse. It's something that others whom were abused can possibly relate to and see that they're not alone. Perhaps giving them the courage to speak out. There's not a dull moment in this story as Julian Hurd spills out her journey in life, from a young child to a young adult. It's a rocky road and there are moments that will definitely keep you gripping the pages in suspense. As well as moments that will make you blush, so beware this book is only for the mature minds as it speaks of her many sexual orientations throughout as well. It definitely keeps you intrigued. The story ends with her indecision of entering an unknown new chapter of her life. I can not wait to read book (2) in hopes of seeing her life change and blossom into what can only be described as her evolution.~

Faye

I did really like the story, I feel it accurately tells a young child's thoughts and emotions during horrific abuse. That said, I was annoyed while reading (especially in the later chapters) some words were missing from sentences, or the sentence was mixed up, or words misspelled- example; Geena spelled Gina. If it was supposed to be Gina all along, why spell it the other way a hundred times prior then spell it Gina, then go back to spelling it Geena again. Also somewhat irritating is the heroine would say she found some person " the most beautiful person" she had ever encountered when almost everyone she became friendly with she described that way. Near the end, she made a statement that no one had ever stood up to her father till her brother did but she had several times. The story never finished telling us what really happened to Gary or why the authorities never pursued what they evidently thought was a murder. I mean a lot of missing stuff. I thought the book worth reading, I felt though that the author didn't proof read it at all or make sure the story ran through in a sensible combination, again mainly towards the last part of the book. I am not sure if I will read the second one.

This story makes you feel anger at what happened and shows you how children feel when they are put through something like this. It puts you in their shoes. It also shows that things can be overcome with time. They can be overcome but the scars never fade.

This story about the horrific trauma many children are forced to endure all too often is something that the world has needed to hear for a long time. The book is well written and dives into a dark reality many of us refuse to face. We all know child abuse (physical, sexual and mental) exists, but

this gives those of us who have never experienced its horrifying effect a look at the inside of the mind of a child suffering through it. It is an amazing tale. If you are reading this review, you need to buy this book.
