Customer Reviews

The story was ok, the ending was a little abrupt. The book is less than 200 pages, so maybe a few extra pages would have rounded the story out. The story does leave you with a hook in the form of

a character not fully disclosed. All in all it's average. I'm not sorry I read it but not excited to read the next one in the series.

This is the first time I have read a book by this author. I really enjoyed the book it is a quick read and combines the 2 best things, murder and baking. :) The characters are clear in the book and there is a great flow. I love cozy mystery books.

This story was near and dear to my heart as I am a cake decorator and jewelry designer. This was a great story. I thought for sure I had it figured out. There is even a bit of mystery that wasn't revealed. I hope we learn more in the next book.

Book 1: Angie Roseland has always wanted to run a bake shop, so after looking around for the perfect location she finds the seaside town of Sweet Cove, MA. Her darling little shop is called The Sweet Dreams Bake Shop. After being in the current location the building's new owner has decided not to renew Angie's lease. Time is running out for finding a new location. All her regulars are disappointed and Angie fears she may have to leave Sweet Cove and find a location somewhere else. A retired teacher who will only allow Angie to make her morning coffee is murdered on her front door steps. Angie maybe a suspect as her coffee is found next to the body. With the help of her sisters, Jenna (Angie's twin), Ellie and Courtney the search for the murder begins. The most important of searching revolves around a large orange cat and of course there are mild paranormal elements to the story. The story is good, pulls you along in the search and the recipes at the end are wonderful. Looking forward to Book 2.

This was pretty insipid and I'm sorry to have wasted the time. Not my style. Sometimes it is okay to just pass the time with a light mystery but this is so cutesey and brainless it left a bad taste in my mouth. Main character blushes around a man, goes a cliché weak in knees, and 'makes eyes' at him. If you do like the style (I will not be picking a cozy mystery again) the actual mystery is okay until it is revealed to be for little reason. It ends abruptly with cliffhangers regarding other possibly nefarious characters, and some late breaking hints at supernatural esp type thing. Plus a cat who seems to rescue people from murders. Yuck. Actual writing is fine content not worthwhile.

This is an entertaining book. Since the building, which houses Angie's Sweet Dreams Bake Shop, has not renewed her lease, she is looking for a new location. It is not easy to find something that

she can afford. A customer, is murdered and in her will leaves her Victorian home to Angie. With the house, she also leaves an inheritance to remodel it. Angie invites her 3 sisters to come and live and work there. I don't want to give away much of the story here, so you will have to buy the book to see what happens to the sisters and the Victorian!

Loved this book. Great characters with lots of fun things about each person. Good suspense too. Easy and fast reading. I look forward to getting the rest of this series. Thank you!!!!

This was boring. I didn't care about any of the characters because we aren't given a physical description about anyone, nor are the characters given any character. So, basically you are just reading dialog between various people. Even the parts where the murderer is revealed, there is no excitement. Before the murder is revealed, there is no build-up. Just blah blah, the end. Pass on this series, unless you have trouble falling asleep. I read it every night and it put me to sleep every time.
