As mentioned by another reviewer, this is heavy artillery in the realm of prayer. The Blessed Mother is the dispenser of God's graces, and she cannot resist the title of "Queen of the Most Holy Rosary." I am a traditional Roman Catholic, but incorporating the daily recitation of the Rosary into my life took a lot of effort and involved several false starts that eventually fizzled out. It was this novena that showed me how powerful - and how necessary - the Rosary is to my daily life. My father-in-law gave me a copy of this book that was printed in the 1950's, and has been used to great effect by several members of his family over the years. I was somewhat skeptical, until I lost my job - and almost everything I owned - several years ago. During the final week of the novena, I landed an excellent position - against all negative business trends at the time - but was told the company was up for sale. After finishing the novena, I started my new job but my prayer life became inconsistent. Eventually the company was sold and many folks lost their jobs - including me. I suddenly realized that I needed to keep the fire burning, but I got too comfortable, and started to view the Rosary as too time consuming during the fat years. Months went by, and the economy got worse. Once again I was on the verge of losing everything. Back to the novena I went, and on the 54th and final day, I

received an unexpected email from a recruiter I had applied to previously. This time, I didn't take my good fortune for granted. Now, I pray a minimum of one decade every day with my kids. The blessings are gradual, but the positive momentum in our lives is tangible - and indisputable.

This is the REAL DEAL.... the 1924 54 Day Novenas of Our Lady--- 2 complete rosaries -- 9 (15 decade rosaries) of Petition, followed by 9 more (15 decade rosaries) of Thanksgiving-- since each rosary consists of the Joyful, then Sorrowful, then Mysterious, mysteries... you make a full mystery rosary each day or 27 days for the first 9 and 27 for the final 9... hence, 54 days of Rosaries. This novena dates to a message of Our Lady of Pompeii, and has been proven extremely efficacious MANY times. I know I've said it several times, and Our Lady has NEVER let me down. I MUCH prefer this book (as shown WITHOUT the so-called "mysteries of Light") as I firmly believe those "optional" mysteries created by JP II are NOT part of Our Lady's psalter. (A "psalter" consists of 150 prayers--Aves-- one for each of the Psalms) And this book ONLY has the three sets of mysteries that have been prevalent for centuries--and for those who like to cite the history and origins... etc. ad nauseum about the Rosary in their effort to justify the "new" mysteries, well--- it is enough for me to know that Our Lady actually RECITED the Rosary with both St. Bernadette Soubirou, (Our Lady of Lourdes) AND with the children of Fatima... and at NO time did she suggest a need for any "new" mysteries. I had three copies of the originally published "Benziger" copies of this book... and they had become so worn that I was elated to find this book--I had thought there would be NO chance I could find this--and yet I did. Thanks to for still carrying this, and I only hope more people discover this powerful novena booklet. I ordered several, and I'm certain these won't last much longer so get them while they last.
