Once again Erin Tate has written an amazing book. Taulan, his wings destroyed during a fight with other Preor warriors who want to stop human females from mating with Preor warriors, he thinks his life is over. Lana is running from an Ex who was so abusive that she changed her name and was going to get a job with the Ujal to take care of younglings. Walking on the beach Lana sees a tiny girl racing to the ocean waves, the male with her not going after her. Jumping into action Lana is able to get to the little girl and brings her to safety. However, getting caught with fake ID by the Ujal and having a little princess in her arms is a fast track to BIG trouble. Lana is tossed into an interrogation cell. Taulan is going to get to his mate even though the Ujal are determined that she is going to answer all their questions.Since I am a softee, I was hoping that somehow love would re-grow dragon wings. That is why Erin is the writer and I can just read, she knows what will work in a story.... still I do wish that somehow Taulan will get his wings back

Loved it! I loved First Warrior Taulan sen Pavon of the Preor. He went through an incredibily traumatic event, the loss of his wings, when the 'Purist" attacked War Master Jarek and the Ujal delegates. While he struggled with his new reality he didn't wallow, and accepted support and friendship form Jarek, Melissa and the Ujal. Lana, suffered abuse at the hands of her college boyfriend, but survived, escaped and was trying to make a new life for herself with a new idenity. Jarek met Lana under less than ideal circumstances, he readily defended his mate, even though he feared she would reject him since he could no longer take flight. Lana dispite all she had suffered bravely accepted her new status as a Preor female and mate to Taulan. Loved Taulan and Lana's story. Loved Skala and Choler, hope they both get a story! Another fun and steamy story from the Ujal universe!

I received an ARC in exchange for an honest opinion. Taulan was also injured in the explosion that almost cost Jarek(War Master) from book 1 his wings. Unfortunately, for Taulan his wings were actually destroyed due to acid being thrown onto his back and scarring and eating away at his flesh. Taulan feels he is unworthy and wants to return home to Preor in disgrace (to take his final flight). Taulan remained on Earth with Jarek, Melissa, Tave, Rina, Erun, etc. He was out on the beach with baby Theresa when the child sprinted toward the water. Taulan could not go after the child because of his Preor nature. Lana Coburn met a man that ultimately destroyed her life, she is now on the run and in hiding. She arrives at UST-Ujal Station Tau for a job interview. Lana has paid a large amount of money for a new identity and hopes this job allows for a fresh start. Lana is currently living out of her car and barely has any possessions or money to eat. Her interview is running a bit late and she

is told to walk the beach to wait for Charlotte. During her walk she spots Taulan and Theresa, she spots Theresa running full tilt toward the water and Taulan just standing there watching. Lana jumps into the water after Theresa yells for help. She does a good deed, then she is detained by the Ujal becuase they know she lied about her identity and is then accused of trying to abduct Theresa. While all this was going down, Taulan experiences "the Knowing" Lana is his mate and she is being threatened and kept from him. Not good. Taulan completely loses it and they are both tossed into cells. Taulan verbally claims Lana to keep her from any punishment the Ujal can inflict on her. They are then put onto the Preor ship and Jarek relinquishes his title as War Master to Taulan. Then the real fun begins. This new couple must grow together as a couple, face enemies and attack. Lana has to open up about her abusive past. And Taulan must face challenges to his new position.

Another great book in this series I look forward to the next one. Taulan sen Pavon of Preor has been attacked by the traitors and because of something done to him he will never have wings again, he now thinks he is an unworthy male. Lana Cooper a human is down on her luck living in her car she comes to Ujal station to interview for a job under a false last name as she is hiding from her abusive ex. When she tries to rescue Theresa the Ujal princess she is arrested the Ujal think she was trying to kidnap Theresa. As Taulan had taken Theresa for a walk and he was not able to go into the water as water is death to the Preor when Theresa ran into the water he watched as Lana went after her . When Lana is arrested Taulan comes to her rescue and both are arrested , Taulan knows Lana is his mate. Will they get a happy ending?Can Lana keep hidden from her ex Stephan? Will Taulan keep Lana safe as he fights to prove his worth? What happens? I was gifted a copy for an honest review barwatts@telus.net

3.5 Stars. The story started out great - the scene setting, the background on the H & h - built on the first book on the series. But somewhere around Chapter 6 or so - the storyline started its decline. SPOILER - I thought the reaction of the Ujal way over the top given she rescued the baby - then exile for both? what? I still thought the story had tons of potential but frankly the scenes became repetitive & boring. The characters didn't pull me in any further - they didn't seem to develop - the action scenes felt like they'd been 'stuck' in. I still have high hopes for the series but this book that had such promise was more of a stepping stone to the next one (I hope).
