True Ghost Story Horrors: Real And Personal Accounts Of Spirits, Apparitions And Hauntings

Synopsis

Each step I climbed I felt an intense dread that something was waiting for me at the top of those stairs! Things heard and not seen can be puzzling, but what if you're faced with something that you can actually see and you know it is not of this world? You want to reason it away but it can't be explained away because it's happening to your entire family and it's traumatized the children. You've come to the realization that your home has a ghost infestation. Your house is haunted, but what can you do? What would you do? You can't run away from it because you can sense their presence wherever you live. After much deliberation I decided to write my firsthand account of a series of paranormal events starting from when I was a child. These are chilling factual accounts of supernatural phenomenon involving ghosts, spirits, poltergeists, haunting and other worldly entities.
