I am an Usui Reiki Master Healer. I have a great desire to improve my communication with Spirit, and felt the psychic mediumship would be another great healing modality to pursue. I started by reading literally stacks of books on the subject, in fact most of the titles here on , and a few that were recommended to me by a psychic medium friend of mine. What my journey has led me to discover, is that I have been reading the wrong books! It has been a very frustrating process plowing through volumes of information to get the "right" information. Book "A" says this is what is required, book "B" says something similar but different. I never had the feeling that any of the books

were sending me down the right path to achieve my goal. They all seemed to point me in the general direction, but none of them got me on the road. Here I am, like little Luke Skywalker searching the galaxy for my "Yoda" to no avail. Well....I have found him! He wasn't in the Dagobah system, apparently he has been in a barber shop in Scotland! Yes, Gordon Smith is the psychic "Yoda" that all you prospective Psychic Mediums have been searching for, and probably like me, had yet to find. After reading Intuitive Studies as well as other of his works, and listening to his lectures available on Audible, the path has been made clear, and yes, as I suspected, it will take time, much more time and training than the other books would lead you to believe, but I am confident that following Gordon's teachings will finally enable me to achieve my goals. If you, like me have been searching for the right path, I would offer that if you read his books, and listen to his lectures, that you will come away with the same conclusion. A big "WOW!" moment of affirmation for me was the passage on the "Calling Card".

I am always interested in finding out how other people do things. Being a psychic medium and workshop facilitator, I also hold two different development (unfoldment) circles and awareness classes. I enjoy taking a subject, breaking it down into simple terms and teaching others what I have found out. I was immediately drawn to Gordon Smith's understanding that spirit communication takes time and practice. I know from my own early experiences in a spiritualist church development class that you don't really make anything happen; you allow Spirit to work with you. This gift requires a length of time to allow Spirit to work within your energy field, and prepare you for the contact. It is not to be rushed into. I must have sat in the development circle for several years as a student before working with the public within the church service; all the while, connecting with the other students, raising the vibrations, and actually creating a special energy to the space of our class. Gordon honors the process in such a reverent way. He has a quiet way of sharing his information, both his own experiences as student and teacher, but also the experiences of his student. His honesty and forthright manner is refreshing and shows his worth. I agree with his thoughts on creating a foundation of who you are first, and then growing spirit awareness from there. In Intuitive Studies, Gordon stresses the idea of compassion and healing for humankind as a main focus for unfoldment. But also addresses the importance of creating improvement to your own life; opening yourself to spiritual awareness, and benefiting from your own spirit guides and teachers. The book follows the forming of a development circle and how it progresses over time.
