# The Book Of Mastery: The Mastery Trilogy: Book I

## Synopsis

The first book in channeler Paul Seligâ™s widely anticipated Mastery Trilogy leads you into an unprecedented journey of self-development, at once building your personal excellence and your ability to improve life for others. The channeled literature of Paul Selig -- who receives clairaudient dictation from unseen intellects called the Guides -- has quickly become the most important and celebrated expression of channeling since A Course In Miracles rose to prominence in the 1970s. Seligâ™s three previous books -- I Am the Word, The Book of Love and Creation, and The Book of Knowing and Worth -- have won a growing following around the world for their depth, intimacy, and psychological insight. Now, Selig embarks upon an extraordinary new trilogy on the âœTeachings of Masteryâ• with his inaugural volume: The Book of Mastery. The Book of Mastery provides a deeply practical prescription for heightening your abilities, aptitudes, and sense of personal excellence. The Guidesâ™ teachings go much further, however, instructing you how to improve life for others and, ultimately, for global humanity. As the Guides themselves put it: "We will tell you this: No one who reads these books will be left unchanged. They will be like molecular systems that reinvigorate and realign and reclaim the reader to themselves in their worth, in their identity and, beyond that, in their physical realm. Underline physical realm if you like. Because the physical realm that we teach in is about to go back to the stone ages unless you all get it together."

The following transcript was taken from a channeled live stream in December 2015. It really got my attention and I asked the question of myself, do I really align to truth?The truth of who I really am.

Am I completely honest with myself and others in my day to day life? (I'm talking radical honesty here.)"Now the Word ascension has been misused by many of you. What it means is to live beyond the known self, the small self, the perpetuated small self to the divine self that seeks to operate as and through you. And in her awakening she calls forward and lifts the physical plane to be in congruence. Do you understand this? The divine self that is the truth of who you are is what does the work here. The small self cannot. She can improve her status. She can do a nice job at this or that, but it is the divine as you, the active principle here who transforms her landscape by holding the vibration of truth and acting upon it. Understand those words please, acting upon it means that the divine as you, in her realization as you, is called into service by her very nature, to claim a new world. But some of you say "I just want to pay the bills." "I don't want to be so sad, or so frightened." Understand these words friends. The divine self as you is never frightened, because she does not align to fear. The divine self as you has the witness that you seek to live your landscape. And the divine as you who knows her name, I am here, I am here, I am here, is the one who has come to claim the kingdom. The kingdom as we teach it, is the awareness of the divine in all manifestation."I realized that I wasn't applying truth to my life in this way and I was really drawn to read the Book of Mastery and I'm so thankful that I read it.

First off, the reader is mildly cautioned that some preparation from earlier volumes is a good idea. "You must be prepared for the octaves that will play. The ears must be opened, if you wish to use the metaphor, to acclimate to the sound that is there." The metaphor of this training manual is climbing a mountain, not alone but as a grand parade through the incremental repatterning of the unforgiving self to the emergence of the Awakened Self. "As each man awakens, as each man comes forward to hold his own light, the vibration of this plane is transformed and the illumination of each one of you calls forward the illumination of a thousand more." We are called to see the inherent worth in all life. In all life. In all life. The sacrilege you know yourself through is the debasement of life, that one man is worth good and another is not. That one man may live well, and another should not, and some may choose love and some deserve hate. "In service I know the worth of my fellow man." Some feel born in shame, born taught to believe that in order to stay safe she must judge her fellows. But the truth of the situation, all men, all women, regardless of what they see, what they are perceived as, what you see as you in them, is an aspect of the Creator manifested in form. We need a fresh set of training wheels so we can wisely choose whether we will see and support a world that is lifting or crumbling. If we are to elevate from the idealization of fear, we must all understand that a collective creation has been made by all of

you at a higher level to move this frequency to the next level of incarnation of the species you are in.
