Product Dimensions: 8.5 x 0.5 x 10.8 inches

Shipping Weight: 14.4 ounces

Average Customer Review: 4.7 out of 5 stars [See all reviews](#) (3 customer reviews)

Best Sellers Rank: #1,747,872 in Books (See Top 100 in Books) #52 in [Books > Science Fiction & Fantasy > Gaming > World of Darkness > Other](#) #338 in [Books > Science Fiction & Fantasy > Gaming > World of Darkness > General](#) #21297 in [Books > Humor & Entertainment > Puzzles & Games](#)

Customer Reviews

This book is one among the better books in the White Wolf's Eastern World of Darkness setting, in my belief it is right next to Kindred of the East. Set in the Dark Kingdom of Jade with its unique family system, eastern philosophies and honor systems, the book greatly expands and completes the view of the Eastern world of Darkness. I find the Dark Kingdom of Jade setting more better related to the idea of the Chinese underworld (less so than the Japanese and Buddhist) than say the somewhat boring and flawed Dark Kingdom of Iron, Stygia in the main Wraith game. I recommend that you get this supplement if you really like the Kindred of the East as it will greatly expand the Eastern World of Darkness. On the downside of the game, there're certain things within the game that doesn't seem to fit. It is somewhat difficult to explain but the world is just somewhat more restricted and the idea of free adventure is somewhat stunted by the feeling of political games between the wraiths. But one thing is true though, the Eastern underworld is much more horrifying than the western one.

If you are running a Kindred of the East campaign, this is a somewhat essential book. Every character fought to free themselves from this realm in the first place, and many may risk a trip back there. So you need a bit more knowledge of the ghosts for the East. You will still be left with a certain

amount of enigma after reading this however. That's natural with these one shot books printed for KoE. It's more of a supplement than a full blown source book, and that was all it was intended to be. You get some interesting information on the structure of politics and some teasers on what drives the realm as a whole, just like in the dharma books. It's just not broken down for as much detail as they are. It's worth the read, if you can find a copy.

Gave it to my son for his birthday - he loved it. Wants to collect the whole series of books.
