This book is, in a word, excellent! Rappaport explains how to read Rashi script in such a clear and organized manner that by the time you are done with the book, you can't remember why you ever were confused in the first place....

If you already know the hebrew script, this makes Rashi a cinch. It's a bit more work if you don't know hebrew but why would you want to learn Rashi if you don't read Hebrew?

This book is recommended for understanding and to practice rashi script.Get it and go for Gemara study .Cheers

I will have to download this. I have not done it yet. I have studied with with Rashi script in the past

so I bought this to help me review prior to an upcoming class.
