The Secret Life Of An Astral Traveler: Adventures Out-of-Body For Healing And Romance

Synopsis

Follow Luna Star as she communicates with guides, accomplishes miraculous remote healings, assists loved ones in the transition to death, and enjoys a romance that is literally out of this world. Luna's life out of body will help you to expand your consciousness and push your boundaries past the physical world. This book offers hope that no matter how crazy our day-to-day lives get, we have another choice and that is to take a mini vacation in the astral planes.

Customer Reviews

Just finished this journey into the astral worlds... Wow. It's opened my mind to what's possible when paying attention to the deepest realms of our being. Luna Star Van Atta weaves her incredible life experiences into a heart rendering tale that reads like a novel. Her impressions in the physic-astral planes are spot on much of the time. The fact that she has worked with government officials in remote viewing demonstrates a skill level that exceeds ordinary perception. Her book is life altering for me... it validates intuition and relationships that far exceed time & space, making the idea of death obsolete. There is more to our human capabilities than we typically dream possible. A must read for the believer and skeptic alike.

Captivating content. It is an amazing look at Luna's experiences. I didn't know much about Astral Travel and Remote Viewing at all. And I found the book easy to understand and fascinating! This book really pushed my boundaries and taught me so much. I found myself wanting to

experience more. Thanks Luna for a thought provoking look at out of body experiences. I can't wait for your next book!

Fascinating read! Luna's experiences with astral travel certainly grabbed my attention from beginning to end. I learned a lot, but am anxious to seek more information about this aspect of our inner being. Highly recommend as a source of understanding a level of existence most of us never know much about.

Just finished this great newly published book by Luna Star Van Atta. Honest, moving, informative and rich, I highly recommend this book for any spiritual seeker looking to connect with God in a deeper way. This author, who functioned in the business world as a consummate professional, reveals her secret world outside the realms of the human form. Profound, breaking ground material! Thank you Luna!

A valuable book for its honest portrayal of Astral travel, Remote viewing and intuitive healing. The author's genuine concern for others and her passion for helping people heal shines from every page. This book is supportive for anyone seeking to understand their own out of body experiences. A fascinating and uplifting book - couldn't put it down.

I loved this book, although some nights I couldn't go to bed because I was so afraid of what she encountered as the secret astral traveler. This book was full of insights about our government and how they used astral travelers in our government espionage. The astral sex part - talk about safe sex. I couldn't believe it, but I'm going to try it out this weekend. It was also a very intimate story about having to say goodbye to someone you love. Can't wait for the next *The Secret Life of ...*

I loved getting to know about Luna's spiritual and psychic life. I'm so glad she shared her amazing inner experiences with us. The book has very positive, loving and uplifting quality. I was fascinated by the descriptions of the remote viewing work that she did for law enforcement. I recommend you read it!

I loved Luna's book! I just got it today and I read it all in one day, couldn't put it down! A book filled with life's ups and downs, love, adventure and hope. Luna's writing encouraged me to rethink some of my life's experiences, to see things in a new light and to have the courage to explore something

new!
