# The Messengers: Owls, Synchronicity And The UFO Abductee

## Synopsis

Without question, this is a classic by one of the most exciting new authors in the UFO field today. After reading it, your view of reality will never be the same. The owl has held a place of reverence and mystique throughout history. And as strange as this might seem, owls are also showing up in conjunction with the UFO experience. Mike Clelland has collected a wealth of first-hand accounts in which owls manifest in the highly charged moments that surround alien contact. There is a strangeness to these accounts that defy simple explanations. This book explores implications that go far beyond what more conservative researchers would dare consider. But the owl connection encompasses more than the UFO experience. It also includes profound synchronicities, ancient archetypes, dreams, shamanistic experiences, personal transformation, and death. From the mythic legends of our ancient past to the first-hand accounts of the UFO abductee, owls are playing some vital role. This is also a deeply personal story. It is an odyssey of self-discovery as the author grapples with his own owl and UFO encounters. What plays out is a story of transformation with the owl at the heart of this journey.

## Customer Reviews

Book Review The Messengers: Owls, Synchronicity, and the UFO Abductee By Mike Clelland To say I devoured this book would be an understatement. The fact that the title includes the phrase, "UFO Abductee" also makes that understatement a miracle. Although I've had a lifetime of extremely paranormal, inter- and extra-dimensional experiences, have used telepathy since childhood, and religiously watched the show "Roswell" during my non-reading brain injury years, that whole X-files, UFO Conference, and "abductee" panoply is just not my scene. I'm much more of an intuitive reading, gardening, Reiki teaching, shamanic journeying, Faerie Realm, create beauty, tree-hugger type. Not that the two can't coexist! I've long noticed obvious crossovers; I just really don't like to focus on any kind of victim mentality or the cloak-and-dagger secret space war, black-ops military projects, and "the Nazi's won WW2" conspiracies. Nor do I enjoy the largely dis-empowering, Savior-in-the wings, "luv-n-lite" cotton candy of most material supposedly channeled from ET's. Thankfully, Mike Clelland's new book is none of these things. Rather, "The Messengers: Owls, Synchronicity and the UFO Abductee" explores the absurdly frequent appearance of owls before or after periods of unexplained missing time, UFO sightings, death (including Near Death Experiences), and/or moments of extreme spiritual questioning. Although Mike does address the common "screen memory" of a four foot tall owl so often shared by abductees, this book spends much more time looking at synchronicities with real owls.

Following Mr. Clelland's work for at least 5 years thru his blog posts and podcasts, one could say I am an avid fan of his research. Eagerly awaiting his publication of "The Messengers", and purchased quickly on Amazon, it arrived at my doorstep on the Winter Solstice. Whoa Now! "The Messengers" not just a book - it opens doorways. As the title states, let me run thru a couple of Synchronicities that have occurred as I was reading it. And after finishing the book - I felt compelled to do a 'life review' of any possible strange occurrences, as inspired by Mike Clelland's great sincere work - "The Messengers" not just a book - it opens doorways in thought that may just possibly allow the Owls to fly into your psyche too! cheers, 1. Knowing of the UFO culture since the 80's - this included the eerie Whitley Strieber "Communion" book cover art. My copy of "The Messengers" upon receipt opens to the exact page 188. This discusses and shows that same photo of the Alien cover. seeing it I thought - "...oh you again..." The subsequent motion picture starring Christopher Walken has one of the creepiest moments ever when the 'alien' peeks from behind a bookcase....well my girlfriend - who hasn't seen or knows of this movie...did the same spooky sneak around the corner look at me a couple of times around a doorway as i'm reading "The Messengers".

I held my tongue and grinned!2. Continuing to read the book all week inspired me to ask one of my co-workers who camps and hunts in the upstate New York woods.
