Customer Reviews

I've finished the first story and while I truly was engrossed in it, it was a bit too graphic for me. But, hey, I'm a 63 yr old female who really loves POST APOCALYPTIC EVENT books. And no matter how you cut it, they do tend to be gory. Please keep writing much more of the same!! I was glued to the book so much that I was up nearly all night.

These stories are a very entertaining read with fast paced action and plausible plots. I enjoyed this box set. I did feel the main character took too much time to deal with an imminent threat, but everything worked out in the end.

Very fast paced and full of twists and turns- each story is unique and different

So far I'm liking the story but errors in word usage, small words, like we're instead of we'll are distracting. Sometimes the dialogue seems a bit simple without many descriptors. I can't speak to the content accuracy but I'm intrigued enough to keep going.

Absolutely loved the boxset. Couldn't put it down. Thanks for a great read.

While the story was different from so many other post apocalyptic stories, it moves back and forth between many characters that build the plot stronger and more intricate which draws you deeper and deeper.

I had to speed read through all of the parts with "Angela", as they were awful. The character is just

plain stupid, and the phrasing is no where near realistic to actual conversation. I'm several books in, and we're still not "post apocalyptic". I'm hoping Angela gets killed off immediately in the next part.
