# THE INNER SECRET OR THAT SOMETHING WITHIN A Story Of Awakening, Enlightenment And Initiation (Timeless Wisdom Collection Book 173)

## Synopsis

This novel -or real story, you be the judge-, has been in circulation for over 90 years, and has developed quite a following, because of its insights and intensity; the "secrets"™ and wisdom it contains; and the mystery that has forever surrounded it. It is the story of a man in a journey of self-discovery, of trying to make sense of the world and its mysteries, of trying to unveil that "something" • which is the key to success in every aspect of life; only to realize that the power is within; that the secret is inside each and every one. This profound and illuminating book was written under the pseudonym "X" •. Since the copyrights belong to "Edward E. Beals" •, it has long been attributed to him. However, in a previous book, we stated that, after an investigation on Beals, we found nothing on him except in relation to "his work" • with William Walker Atkinson and the "Personal Power Series" •. We concluded before, and sustain again, that Edward E. Beals is William Walker Atkinson, using an alias. Therefore, now we are ready to advance the theory that this book was written by Atkinson. This thesis is new. But after editing over 50 of Atkinson books, we cannot help but noticing the similitude in the styles, the use of certain key words and phrases, and the citing of the same authors. Knowing Atkinson and his love for aliases (he wrote over 100 books, under a dozen different names) it actually makes a lot of sense. He did write other books as "Anonymous" •; as "Magus Incognitus" • or as "The Three Initiates" •, so, the name "X" • would not be strange. It is worth noticing that the book was published by Atkinson's™ publisher! Also, if you analyze the story of the main character, it has so many similitudes and coincidences with the real life of Atkinson (a successful young man who lost everything, had a breakdown, then, all of the sudden, "found the path" • and became an "illuminated" •; or the fact that the writer wrote at "almost 60 years of age" •, -Atkinson was 59 in 1922), that we can arrive to this conclusion with no hesitation. This is an amazing book. It is written as a novel or "story" •, but it has deep insights, almost a compendium of several of Atkinson's™ previous works, and definitively, one of his masterpieces. A book for enjoyment, learning, enlightenment and, if you pay close attention and open your eyes and your mind, for initiation.

## Customer Reviews

Just for the record; I was William W. Atkinson, in my last life. This may, and probably will seem utterly absurd to anyone that reads this but, it is indeed a fact. Just as before, I awoke in childhood with the next phase of my quest, that being, an even higher form of enlightenment. My earliest pursuit was discovering the remnants of my past life, and within 3-4 years I had acquired (before the availability of the internet) 27 of my cherished books and manuscripts, mostly on microfilm from the library of the U.S. congress, and other libraries scattered across the country. My initial find was "The Inner Secret" in hard cover, found in an old abandoned storage unit. After reading it from cover to cover I knew immediately that it was a manuscript that I had written for myself to be one day rediscovered, and thus as a means to continue on with my journey. As I continually acquired all the other available books that I could find, at that time, it was as if I was reminding myself of all the ground that I had already covered, thereby eliminating any unnecessary repeating of previous investigations of self-enlightenment that I had already achieved. Because of my previous work, I was now able to advance into levels of spirituality that were not beckoning me before. These "higher levels" required higher initiates that I had previously met in my prior life. The Saint, if you will, that came to me in this life, was ready to awaken me into the state of "consciousness of my own soul". To be clear to those of you who are reading this, my previous works were of the advancement of the mind, not the awakening of the soul. However, it was necessary then to realize the limits of the mind and therefore push forward.
