# Bashers, Baiters, And Bigots: Homophobia In American Society

## Synopsis

The largest collection of articles on homophobia published to date, this volume does much to expand the concept of homophobia as well as to discuss related research. Homophobia includes theoretical analyses of the concept of homophobia, critiques and innovations pertaining to its assessment, and its relationship to the biological sex of respondents, their self-perceived sex roles, and their etiological theories of homosexuality.

## Customer Reviews

Although it reads much like a collection of scientific treatises on the issue of homophobia, there's some good solid research information and it's most interesting to anyone who would be looking for more data on the issue.
