## Synopsis

We are living in exciting timesâwhere signs and wonders are jumping off the pages of the Bible and people experience miracles in everyday life. Stories of crying statues, clouds of gold dust, and people being raised from the dead are increasing across the globe as Jesus of Nazareth displays His power through His Church. Feathers have long been recognized in many cultures as being signs from God, portents of angelic activity, and messages from deceased loved ones. The Bible speaks of feathers as having a number of different meaningsâall of which have relevance to daily life. Whether you regularly find heavenly feathers or have never heard of this phenomenon, this book will deepen your understanding of what they mean, why they matter, and how you can encounter this miracle for yourself. Come discover why feathers are falling from heaven! If you are hungry for a more meaningful spiritual experience or want to engage the supernatural, this book is for you! Here's what you will find in this book: Our Personal Story - This is our family's personal story of how we started finding Feathers from Heaven. The Meaning in the Manifestation - This takes a look at God's plans and purposes through this miracle. Discernment and Deception - This answers the question "How do I know this is God?", providing wisdom to help navigate the miracles. Ruffled Feathers - This addresses some common concerns and objections people have about this manifestation. Feather Stories - This shares many stories from others recounting their miracle-moments finding heavenly feathers. How Do I Get This To Happen? - This looks at how we can partner with God to encourage our own feather encounters. Feathers from Heaven - This is a unique transdimensional feather story meant to expand our beliefs of what is possible.

## Customer Reviews

I edited this review and gave it 5 stars because this book will change your life and get ready for the Lord to pursue you with signs of His love for you. From experience and biblical reference, Michael King gives reasons why feathers appear in believer's lives. He gives us many eyewitness accounts that keep you in the awe of our extravagant God, at the same time he balances the awe with caution so that if you find a feather, double check that you are not in an area with down comforters or fowl. Michael ends the book with an activation prayer and gives a teaser of his first book gemstones in heaven. Michael has a fun, laid back writing style backing up his beliefs with scripture. An easy breezy inspiring read. Thank you, Michael. Post script: As I started reading this book I noticed small down feathers under our dining room table. It ensued for several weeks after that. I used prudence and checked to see if there were down pillows nearby. A couple days ago I found two bigger feathers by my dining table and an even bigger one by my dad's closet. This confirms that Michael's activation prayer sent angels to engage in spiritual warfare on behalf of my own family.... really, thank you Michael!
