## Customer Reviews

You can never go wrong with a Damon Brand book. Well written, clear, understandable, usable and most of all every word leads to success. Whether you are years into your studies of the occult or very new, Mr. Brand creates books that you can use...and succeed with. It's great to read theory and learn history, but in truth, much like the study of medicine, if only historical and theoretical...where and how would healing take place? As it is with the books from Mr. Brand, and his fellow Gallery of Magick authors, they are usable methods of actually achieving magickal results. Add to that the gracious accessibility of the author on Facebook and the Gallery of Magick sites and it is obvious he is not only creating great books but actually cares about those reading them...a rarity. Thanks Mr. Brand for this, and all of your books. I'm truly grateful and highly recommend this and all of Mr. Brand's books.

You will all think this is BS but with God as my witness it's true. I tried an 11 day spell from this book at the same time I was using a spell from the same author's "Word of Power" and believe it or not I created a servitor from a third book by the author. All was aimed at working together towards one specific goal. I was going to be out of a job soon if the company I work for did not win a \$39 million contract with the government. We had 5 other more seasoned companies bidding against us. I worked the 11 day spell, waited 3 days and began a second 11 day spell just as a sort of "booster shot". Again, servitors deployed and words of power spoken each day as well. Today is the 11th day of the second 11 day cycle. I finished the spells and committed myself to just forget about the whole thing and wait to see. It was supposed to be another 6-8 weeks before we knew about the contract. Less than 1 hour after I completed the last spells and put the whole thing to bed - I recieved an email from my Director telling me we won the contract against all those other companies. I kid you not. I was floored. All along I was thinking "These spells are too easy." and "Is it possible that it is really this simple?". Evidentially it is not necessary to dance around bonfires at

midnight on the 29th of February on a leap year inside a pentagram drawn with virgin goats blood while reciting Shakespearean texts in German afterall. Brand is my freaking hero now!

The 72 Angels of Magick; Instant Access To The Angels of Power by Damon Brand is a perfect book to have if you have previously experienced spiritual miracles and/or are open-minded in ways to indirectly connect with your spiritual nature and/or higher self (due to the common knowledge information that connection with angels is closely related to a connection with the soul/higher self). The 72 Angels of Magick shares details that you do not have to be a "perfect" person and/or considered "worthy" in the eyes of others to experience angelic miracles. Some of the processes covered in this book include; making contact with the most frequently called upon archangel Raziel, the use of song/singing in making contact, the author's take on directly talking to a particular angel for a request as compared to the tool of writing, and more.

If you're like me you don't have a lot of extra free time to spend researching books and piecing together rituals you "hope" will work. What the GoM has done is make Magick that works more accessible to people like me. Yes, you still need to research and find your own Gnosis, but they give you the tools to begin changing your life for the better. This book contains some of the most beautiful rituals I have ever come across. Start working with the angels and create your life the way you want it to be. You have that right!

Excellent work presented by Damon Brand. This is a rewrite from his previous books on angels, as although if you own those books you don't necessarily need this book. However..This rewrite is definitely worth having as a companion to his other two, yes there are some sections that are repetitive, but you will still glean out some information that is useful. I've used this book to reference back into the other one's, and vice versa. Maybe I should contact that comprehension angel again huh? Seriously, this book is worth your attention even if you have the other editions. Thanks Damon!!

This system is easy to use and based on my one experience with it so far, very effective. I have been practicing magick since 1981 and I learned about the 72 angels pretty early in my studies, but I did not find any information about their powers or how to use them. This book fills that void. Due to the use of angels and the method for contacting them, this system does not require the methods needed for controlling spirits and protecting the magician necessary with other spiritual entities. To

me, the biggest challenge with this book is finding the right angel for my working. The book lists 2 to 5 powers for each angel, for a total of 206 powers, some of which overlap. However, once I found the angel I wanted to use, and did the work, my result came very quickly..
