## **Synopsis**

World of Archangels is a spiritual masterpiece designed by Archangel Uriel that retraces the self-realization process that allows you to interact with some of the most influential Beings in this Universe. Regardless of who you are, where you come from or what you are doing, this book contains Universal principles that will redefine your spiritual life. The book is filled with Enlightening meditations, Ancient wisdom and uplifting stories of ethereal encounters with the other side. Whether you are a beginner in this field or an old soul wiser than the day, World of Archangels will help you achieve the next level of your spiritual journey. Throughout history we have been led to believe that there were only 7 primary Chakras within the human body. There are in fact 12 Chakras that act as representatives for the 12 Dimensions that make up our Universal learning environment. World of Archangels delves quite heavily into each of the Dimensions that collectively became known as Creator School. We are each of us developing souls that will one day achieve the 12th Dimension and leave Creation as powerful Creators ourselves. The fundamentals of achieving such a feat revolves around Unconditional Love and expressing ourselves within the extremely heightened existence of Enlightenment. The Archangels are the Beings who convey these teachings down in order to complete the cycle of learning. World of Archangels was written to simply orchestrate such a Divine meeting; the rest is entirely up to Destiny. The book follows a self-realization process that Archangel Uriel hand-crafted for the sole purpose of awakening souls. Each chapter continues this powerful journey, where by the end of the book, descriptive meditations upon activating and cleansing the Chakras, raising the vibration of the human body, communing with ethereal Beings, psychic self defense, healing and the ability to understand Life beyond normal human perception becomes available. With self-realization in mind, World of Archangels aims to excel the spiritual aspirant onto a pathway of Enlightenment with dedicated meditations to empower the human energetic body beyond the normal limitations. Here on Earth we may sometimes become bogged down with all manner of disharmonies that cause us to be shackled into a physical life that was effectively set up for us to fail at some point in time. Sometimes we cannot see the light at the end of the tunnel and many times we may even feel burnt by Life itself for no other reason than for the justification of karmic debt. It may be one of the greatest answers to know the meaning of your life and to understand why you are even alive. To genuinely approach an Archangel; these answers may very well be given to you. To live a fulfilling Life, to be free of limitations, to recognize the nature of who you are and where you have come from; this is the result of becoming an awakened soul.

## Customer Reviews

I am completely blown away and I don't even know where to start with this review! Just wow after finishing this book, it's kind of like sitting in an IMAX theater and taking a ride through the Universe. The book starts with a story from the author's childhood, while he was watching his spiritual master, when the master announces that he is about to pass away. What follows is a heartfelt account of what initially pushed him into his spiritual journey. We then get introduced to the 12 Dimensions of the Universe and how the human body actually has 12 Chakras that coincide. I have only ever been taught there were 7 Chakras so this part really started tying everything in for me. By the middle of the book things really start revving up as the Archangels get involved and we go through detailed meditations upon activating our Chakras, communing with ethereal beings, psychic self defense; all jam packed with these amazing stories of the author meeting the Archangels and Ascended Masters all over the place. By the end of the book we can start to piece together this powerful notion of Enlightenment and how we can achieve it. The Pros:- Hands down the most fascinating part for me were all these ethereal encounters with Archangel Uriel that swept me up into his world every step of the way.- I don't want to spoil the storyline for you, but there is this thrilling story in the psychic self defense chapter that had me glued to the book. I couldn't get

enough of it!- Well written, easy to follow, concise wording, stunning visuals in the stories.- More in depth than just about any other spiritual book I have picked up. The Cons:- Don't let the second chapter fool you. As soon as Archangel Uriel gets involved the book goes into hyperdrive.
