The Eckhart Tolle Audio Collection

Synopsis

With his first book, *The Power of Now*, still making the bestseller lists (including the *San Francisco Chronicle*) over a year after its publication, Eckhart Tolle continues to reach listeners from all walks of life with his simple and profound message: that only in the present moment can we free ourselves to seek our highest potential as human beings. Now this gifted teacher's most useful audio sessions are available in one convenient resource, with *The Eckhart Tolle Collection*. This new slipcased gift edition includes: • *The Realization of Being*; How meditation opens the entry point to stillness, our greatest spiritual teacher, allowing us to merge with this moment in time • *Living the Liberated Life and Dealing with the Pain-Body*; Points a way out of the conditioned mind that keeps us trapped and unhappy, to a deeper level of consciousness beyond thought • *Even the Sun Will Die*; Historic interview recorded on September 11, 2001, shows that even in the face of disaster, a miracle happens when we say "yes" to living in this moment and no other. --This text refers to the Preloaded Digital Audio Player edition.

Customer Reviews

This is as good as spiritual teaching gets; observable truths and pragmatic guidance on living in accord with them. If you have any of the 3 previous cd's, this is a collection of them - no new stuff. If you don't, purchasing AND USING these will profoundly change your destiny.

Mr. Tolle allows truth to speak through him eloquently. The consciousness flowing through you will also begin to flower as it recognizes what it has always known. Just applying even a small part of

these teachings can transform your experience of reality. "I watched a cat watching a mouse hole, and that is how I became present."Are you ALWAYS thinking about something?Do you rarely feel present in the moment?How connected to your life do you feel?Do you enjoy your constant mental monologue?Do you use your Mind, or does your Mind use you?While I certainly would never encourage anyone to consume more material goods than they already have, and even though I truly believe that you are lost if you continue to mindlessly purchase products only to feed your diluted sense of self, I HIGHLY recommend these CD's to help you be more of who you know you are.Steve WalkerU.S. Virgin Islands

ONCE YOU HAVE HEARD ECKHART TOLLE SPEAK AND SHARE HIS PRESENCE IN THE NOW YOU WILL BE AMAZED WITH HIS FRESHNESS AND UTTER AUTHENTICITY. THESE RECORDINGS EXUDE HIGHER CONSCIOUSNESS AND AWARENESS. ABSOLUTELY ESSENTIAL LISTENING WHICH COMPLIMENTS HIS INCREDIBLE BOOK "THE POWER OF NOW". WORTH ITS WEIGHT IN GOLD.

When The Power of Now was first published, I couldn't get through it; I found it too cerebral. Then I listened to The Eckhart Tolle Audio Collection, a collection of his 3 audio bestsellers, and it all came together for me. After that, I quickly and easily read The Power of Now and his newest title, A New Earth. What an awakening! If you tend to learn better by listening than reading, check this audio collection out. It may just simplify what once appeared complicated. Eckhart is affecting world transformation with his teaching.~ Bob Olson, OfSpirit.com editor

Alas, I can't recommend this collection. There is nothing in this Audio Collection that isn't available more succinctly in the original Power of Now, a book that I consider a true, elegant masterpiece. I've given my original copy away and listen to the audio version when I drive, which has become a very rich part of my day.

This is definitely the one of best books I have ever read. But, if I read this in my earlier years (I am now 49), it probably would not have made a lot of sense. Reading "The Power of Now" helps me realize who I am, why I am here and live a more fulfilling and happier life. It is not religious, but it actually improved what I found were shortcomings in how religion affects me. In fact, it was after a rather "crazy" experience of mine within the church that led me getting this book. Now, I see very clearly what was really happening and where my salvation truly is. Eckhart Tolle, Thank God for you

and your book.

Eckhart Tolle's CD collection was the next thing I bought after his book "The Power Of Now". The CD's are powerful because you get to hear the author speak and you gain much further insight into his work. HIGHLY RECOMMENDED!! A new book that just came out that has inspired me to no end is "This School Called Planet Earth" by Summer Bacon.

Unfortunately, I had to return the collection due to the quality of the product. While the information is life transforming, the sound is very unclear. During Tolle's talks and meditations you hear coughing and even a wierd laugh from someone attending, every so often. I would highly recommend the CD of his book, The Power of Now. That is done professionally and worth every penny. The Audio Collection is the opposite. It's just thrown together and should be taken off the market and recorded again.
