A new, 112-page sourcebook for Palladium's 'Heroes Unlimited' role-play gaming, "Powers Unlimited 3" is an expanded second edition of a popular title that features 133 new Super Abilities and numerous sub-powers, 46 new Minor Super Abilities, 77 new Major Super Abilities, 19 new types of Alter Physical Structure, 10 new Animal Ability types, new Random Power tables. The result is a Carmen Bellaire and Kevin Siembieda collaboration that will provide hours (even days) of cutting edge role-play as players adventure through new and unique challenges. No dedicated gamer in the Palladium Megaverse can afford to be without their own treasured copy of "Powers Unlimited 3".

An extra bit of fluff with a healthy dosage of "power creep". Does contain a few useful powers that add a degree of fun to the game, but half of those are in other supplements. The art is a significant step down and gives the work an unpolished, hurried feel. Maybe worth a look, but only for die hard HU2 fans.

perfect

This book ia junk, it has very little to offer they should of have made this a free PDF supplement
