Synopsis

The RuneQuest Games Master's Handbook is every Games Master's dream supplement. Packed with information and advice, this book helps GMs evoke the themess, feel and atmosphere of RuneQuest gaming and helps make the most of the system, including adaptations to particular settings (and referenced to Glorantha, Lankhmar, Elric, etc). Also included are guidelines on creating memorable RQ adventures, from one-shot scenarios to epic campaigns. The Games Master's Handbook also expands upon popular alternative rules for the RUnQWuest engine, including Characteristic-based rolls and expanded wounding systems.

Customer Reviews

This supplement for the Runequest system is designed to make it easier for players to handle themselves. I found no information that could not have been gleaned from reading other source material. Also, RQII just came out, so some of the info is out-dated already.
