The Compass Of Celestial Directions, Vol. 2: The Wyld- A Setting Book For Exalted, 2nd Edition

Synopsis

Outside the bounds of Creation, there exists an infinite expanse of roiling chaos that breaks upon the shaped world like a stormtossed sea against the shore, threatening to wear it away. Where it does wear away, reality breaks down and savage denizens of the chaos beyond Creation dwell. The second of five Celestial Direction books devoted to fleshing out the bare bones of Creation's supernatural locales presented in the Exalted core book, this book includes:

- Details of the dangers of the Wyld, the kingdoms of the Fair Folk and the savage Wyld tribes
- Full rules for power-questing and mutations
- Traits for the Wyld's native inhabitants

Customer Reviews

This book explains the Wyld. Cant really say much about this one but its a great book. Really. If you plan to learn more about Chaos and Unshaped and travel and mutations via Wyld taint, this is yer book. Endless possibilities of unique characters can be made with this rules and guidelines.

I love how the Fae in this setting is like playing a spoiled child with the power to get whatever they want whenever they want.
