Realm Of Mirrors (The DeathSpeaker Codex Book 3)

Synopsis

"The dead must answer to you, and no one else. Remember that, Gideon." He may be the DeathSpeaker, but Gideon Black has no idea what he's doing. The job didn't come with an instruction manual. That's why his half-brother Taeral plans to bring him across the Veil to the Fae realm of Arcadia, to consult with an ancient Fae who knew the previous DeathSpeaker personally. Those plans are violently interrupted when the royal Unseelie Guard invade their home, dragging Taeral and their father, Daoin, to Arcadia ahead of schedule. And Gideon will do anything to get them back. But the concrete jungles of Manhattan are nothing compared to the threats waiting in Arcadia. Facing deadly wildlife, even deadlier enemies, and magic he never imagined possible, Gideon must learn quickly to wield his power as both a Fae and the DeathSpeaker -- before the vengeful Unseelie Queen can exact a cost higher than death from his family, and everyone he holds dear.

Customer Reviews

What to say, or where to start? Sonya Bateman's newest is simply the best new world to come

along an a very long time! As a fan of all things urban fantasy, its easy to get frustrated with all the copies and rip-off's and the 'just not original' stories out there. You WONT have that problem with the Deathspeaker series! Fresh, original, amazing characterization and world building! From a bookseller to all of you readers out there? Get it! Read it! You'll LOVE it!

Realm of Mirrors is the third installment in Sonya Bateman's The DeathSpeaker Code series. In this book Gideon finally visits the land of his father's ancestry, Arcadia, although not exactly in an advantage situation. Daoin and Taeral are captured and taken to Arcadia, while Reun followed along trying to save the two. So Gideon and Sadie are going to Arcadia to help saving them with the help of a new character, an Unseelie cast-off named Uriskel...I really thought Gideon kicked ass here!! Basically because Gideon finally learned a whole lot more about his magic and ability as Deathspeaker after a Sluagh gave him tips. So yes, I was quite happy because he didn't suffer as much as the previous two books. Not that I didn't sympathize for what Taeral, Daoin, or Reun were going though in Arcadia though ... but it was nice to read about Gideon expanding his talent rather than being tortured by the bad people. I mean, that guy could take a breather!It wasn't as intense as the previous two books but I surely though the development of Gideon's ability to be great progress. I can't wait to read book #4

These books have it all action that is heart stopping and page turning good. Love the characters. Not to many bad words. Just wish taking a name in vain was not used. No sex hopefully ever. Great new take on Others in the human world.If you have read eBook by C. Gockel, Cat Adams, Ilona Andrews, Keri Arthur just to name a few there are many more then you should read this series. . .

I loved the first 2 so much that I had to get this one too. It is a good read, and fast paced. I devoured it in a day. The insights into the characters develop more and they are likable- you really want to know more about them....Well, I do anyway..~L~

Sonya Bateman does something many writers cannot do. She writes books in a series in which characters learn and grow. Her writing style and world creation are perfect.Best of all, there are no cliffhangers. She leaves the reader anticipating the next book, clearly the sign of a superior writer and story teller.

Despite being an avid reader, I do not often manage to follow a series. Generally, the sweet has

been chewed out of the characters by a third book, and that's being generous. However Ms. Bateman has constructed a world with plenty of interesting characters (but not too many), and enough genocidal threats to keep me entertained as we march towards Othergeddon. And she writes beautifully too.

I liked this one. It wasn't amazing or anything but a good quick read. I'm really happy about how the book ended because the "love triangle" thing that was going on with Gideon, his brother and Sadie was really starting to get old. Anyways if you've read the first two books, then you should pick up this one. Good addition to the series

It's creAtive and light enough to be fun, conflict enough to be interesting with out airhead heroes/heroines who do stupid stuff just to create unnecessary drama. The good guys are likable while flawed enough to be relatable. and the bad guys are evil despite being cliches they add to the tales. I am really enjoying this series and look forward to the next. Thanks to the author for making each book in the series a complete novel...NO CLIFFHANGERS!!! That's an A plus in my gradebook. There were a couple of typos but they didn't detract from the tales.
