Shadows Stir At Seven Sisters (Seven Sisters Series Book 3)

Synopsis

Where is Calpurnia Cottonwood? Find the Answers in Shadows Stir at Seven Sisters Seven Sisters, an antebellum restoration in downtown Mobile, has come to life recently...and not in ways historian Carrie Jo Jardine had expected. After battling and surviving a dangerous encounter with a visitor from the past, Carrie Jo and Seven Sisters's handsome owner Ashland Stuart have one last mystery to uncover. Where is Calpurnia Cottonwood? Risking it all, Carrie Jo once more puts her dream catching gift to work. She returns to the past, searching for clues, and she's determined to finally put this family secret to rest. Customer Reviews

I just finished this book, which is book three in the series. I did enjoy the book. The author can hold your interest and has promise as an author. The caveat here is that all three of these books really only amount to one complete book. The first two volumes are about 150 pages each, and the third only 108 pages. Each of the first two books stops abruptly in the middle of the narrative. I actually love reading series, but felt cheated with this one. It was certainly not a novel with sequels, just a single book stretched into three. The third volume finally brings about an ending, but also left a few details out. Without giving anything away, there are hints that a few main characters are related to people that lived in the past, but that idea is not really explained fully and left me wondering why that part of the story was not fully explained. My recommendation: The author is worth reading, but only if she offers full length novels in the future. She also posted a few snarky comments over twitter about not having used up her quota of negative reviews yet. She certainly doesn't seem to appreciate feedback from her readers, or care to create a loyal group of readers. Too bad for a promising author...

This is a great story. But I resent that the author split it up into three short books. I will try this author one more time but if the book is split up like this one I will put this author on my Blacklist.

It was a good book but felt like I was Forced into buying each one! Should have just charged for one book & been done with it. I don't like sneaky!!

I agree with Clairnetteacher. I feel cheated even though the first "book" is free. If I had known that (didn't read reviews first) I would not have read the first book. I will not finish this "so called series". What a rip off.

While the rest of the story was fleshed out, the resolution was quite disappointing, not for how the story was resolved, but that the author sailed through the final pages like she was running a race.

This kind of story needs to be longer than what it was and more detailed. The author seemed rushed in telling this story. It is sad to string along readers who are interested on the subject.

Loved the entire series. I read all 3 books in two days time, and was sorry when I got to the last page. The storyline was captivating, the characters were well thought out, and it kept my interest through the entire series. Not a scary ghost story, but the ghosts were an integral part of the story. Anyone who likes a good, old-fashioned romance, without the gratuitous sex. It was as if I was there, living life alongside the characters. Loved it enough that I actually paid for the last book!!

I thoroughly enjoyed this 4-book series because it had such believable characters, including the ghosts. I could hardly wait to get from one title to the next. The Seven Sisters Series plot is very, very well developed. A combo of historical to modern setting that works extremely well and certainly kept me well-entertained.
