## Synopsis

Brad Thor, master of suspense and New York Times bestselling author of *The First Commandment*, returns with his highest-voltage thriller to date. In a pulse-pounding, adrenaline-charged tour de force, Navy SEAL turned covert Homeland Security operative Scot Harvath must race to locate an ancient secret that has the power to stop militant Islam dead in its tracks. June 632 A.D.: Deep within the Uranah Valley of Mount Arafat in Mecca, the Prophet Mohammed shares with his closest companions a final and startling revelation. Within days, he is assassinated. September 1789: U.S. Minister to France Thomas Jefferson, who is charged with forging a truce with the violent Muslim pirates of the Barbary Coast, makes a shocking discovery - one that could forever impact the world's relationship with Islam. Present day: When a car bomb explodes outside a Parisian café, Scot Harvath is thrust back into the life he has tried so desperately to leave behind. Saving the intended victim of the attack, Harvath becomes party to an amazing and perilous race to uncover a secret so powerful that militant Islam could be defeated once and for all without firing another shot, dropping another bomb, or launching another covert action. But as desperate as the American government is to have the information brought to light, there are powerful forces aligned against it - men who are just as determined that Mohammed's mysterious final revelation continue to remain hidden forever. What Jason Bourne was to the Cold War, Scot Harvath is to the War on Terror. Brad Thor has created "the perfect all-American hero for the post September 11 world" (Nelson DeMille) and will keep readers glued to the pages as he once again takes them across the globe on a heart-pounding chase where the stakes are higher than they have ever been before.

## Customer Reviews

The character of Scot Harvath has been one of my recent favorites in the last 3-4 years since discovering Thor's books, and 'The Last Patriot' virtually cements this bold character into (at least MY version) of great leading Action/Adventure Hero's. Controversy is nothing new to Brad Thor by any means...however, with that said, I believe he is courting a whole new set of problems, or seriously potential problems with the storyline here. Religion in general is a very touchy subject, but as we have seen over the last decade or so, even fictionalizing specific events in Muslim History can be viewed as MAJOR Blasphemy--the kind that involves life-threatening retaliation. Don't believe me? Anybody remember Salmon Rushdie's 'Satanic Verses'? 'Nuff said. I heard an interview done with Thor on Glenn Beck and I'm not the only one concerned here. I honestly feel that if somewhere, sometime soon if I read about Brad Thor being the target of Terrorists, well, let's just say it won't surprise me (read the book and you'll understand). The book, though is a hum-dinger of a story. Easily Thor's best-to-date. Like other reviewers, I like when events in history are tied in with current storylines, and I REALLY like it when its done right...and I am happy to say Thor really nails it with this latest installment. Action on top of intrigue firmly attached to a healthy dose of adrenaline mixed with a Titanic-sized load of action and you have an idea of how well constructed 'The Last Patriot' truly is. I have enjoyed these books a lot since I first began them, but this one seriously places the bar at a level that is amazingly high compared to the previous Tales of Scot Harvath--and THEY were great, if that tells you anything.

Former Navy SEAL thirty-seven year old Scot Horvath has left Homeland Security to get out of the covert operations business and start a fresh new life away from mass murdering terrorists who claim their ideology is blessed by God. He wants a normal life and feels as he closes in on forty undercover operations is a younger persons game. He also remains shook up that his significant other former Naval Explosive Ordinance Technician Tracy Hastings lost an eye and almost her life and almost died at the hands of some rabid avenging assassin. They talk at a Paris caf  when Scot notices an Arab setting off an IED that targets University of Virginia Professor Anthony Nichols, who as he vanishes turns out to be a lot more than a highly regarded history teacher. The two

retirees soon learn of the discovery of a seventh century version of the Koran in which the Prophet Mohammed informed his disciples of a radically different vision than that found in the Koran of today; if the lost revelation is published the Jihad extremists would lose much of their religious claims. Clues lead to President Jefferson's war on the Tripoli pirates and the third president's notes in an original copy of Don Quixote. Although they expect to learn more investigating Monticello, the American in Paris and President Jack Rutledge must end their estrangement caused by the incidents in his last assignment (see THE FIRST COMMANDMENT) while the Muslim extremists want the two Americans stopped. This is an exhilarating thriller mindful of the Da Vinci Code but different that will hook the audience from the moment that Scot and Tracy learn of the lost revelation and never slows down until the final incredible spin.
