The Trail Of Crushed Azaleas (Haunted Hearts Series Book 8)

Synopsis

Delving into the past has always been a form of escape for Grace. Grace Latiolais loves her job at The Grove. She can't complain about the free room and board at one of the oldest plantation homes in the south as part of her compensation package. She's been charged with keeping the overnight guests happy, and she figures she's good at what she does, at least until a man dies among the azaleas outside her bedroom window. Until asking the spirits for history lessons becomes too much to bear. After the murder, no one is happy. Not the local sheriff's deputy, Logan Theriot. Not the ghost of Les Wakefield. Certainly not the mysterious guest that she saw standing over the dead man with a dazed expression on his face. Harris Smith's claims of how the man died are too hard to believe. A ghost can't kill a man. Risking her heart, mind, and soul one more time might be the only way to save a man's life. Harris wants to trust Grace. His heart pushes him to get near her, to fall for her, while his mind warns him that getting too close to her could be dangerous for both of them. Grace doesn't believe he committed the murder. But if Harris didn't kill the man, who did? When she calls upon the spirit haunting The Grove for help in discovering the identity of the murderer, the answers she gets leave her fearing for Harris's life. Can Grace and Harris survive the danger that lies ahead if they dare to follow the path of crushed azaleas wherever it might lead?
