Mahavidya Mantra Magick: Tap Into The 10 Goddesses Of Power

Synopsis

If you have read the other books in the mantra magick series, you know I am a big proponent of Mantras and their magickal applications. Often you see mantras as separate practices from magick. It is my goal through my books to make mantras a mainstay in the western occult traditions. There is no reason they shouldn't be. After all, any occultist worth their salt will be aware that occult powers can be gleaned from many different traditions and that to be well rounded in other methods makes for a powerful practice. In this book, we will discuss the Mahavidya or the 10 great wisdoms. They are, in fact, 10 emanations of the divine Shakti; the great feminine divine that permeates the entire universe and which makes up much of the Hindu tradition. As I have stated in my other books, the divine feminine is of utmost importance in the eastern traditions. These 10 aspects are no exceptions. In fact, they embody the entire Shakti traditions as far as I am concerned. Why the Mahavidya? The Mahavidya represents as I stated the 10 aspects of the Shakti. From the Horrific and blood-curdling goddess on one side and the gentle, soft goddess on the other. They represent the whole spectrum of the divine feminine and thus the universe. In this book, we will not only discuss, but we will learn to use these 10 aspects in our lives. Let us proceed.

Mantra Magick can seem a bit daunting but the results are amazing! I have concentration difficulties but by using the AIM chant from one of Baal's other books I actually improved my mental abilities and got cracking with these incredible mantras. Baal Kadmon is really bigging up Mantra Magick and even though it isn't what I thought Magick was, it has worked for me big time like Baal's other books. It is fantastic that an occultist as knowledgeable as Baal Kadmon is giving us the benefit of his experience and experimentation so that we can gain the benefits in the absolute simplest and most unpretentious manner possible. Get these books, give them a serious try (not hard) and see for yourself. Update 25/02/16; I got my absolute most powerful ever contact with a magickal entity using this book. There is a mantra for working with Dhumavati, which I did and the result was stunning, not only did I get the result I was aiming for but I found, to my surprise, that Dhumavati stayed very strongly in my awareness afterwards and is still available to me whenever I want. Amazing book.

Love it ... I've read SO MANY of Baal's books I can't recall BUT I THINK this was one of my favorites. Again his books teach a lot are simple to read yet you GAIN SO MUCH!
