Hunter Book: Visionary (Hunter Roleplaying Game)

Synopsis

Description: Hunter Book: Visionary - HTR WW8111 Prophets or Madmen "Monsters might win battles, but we are going to win the war." Visionaries: The thinkers, prophets and leaders of the imbued. Hunters struggle against the supernatural night after night, but to what end? Visionaries live in the now and look to the future, hoping to guide the imbued to a better world maybe one that only they can see. What makes these hunters so certain of their calling? Does it matter if their vision becomes reality? They Have Seen the Light Hunter Book: Visionary is part of a Hunter: The Reckoning series dedicated to the creeds, the character types of the imbued. Learn Visionaries philosophies, motives and ultimate goals in searching for the answers to the questions on all hunters lips: Who created us, why were we chosen, can the supernatural be overcome or will we all die trying?

Customer Reviews

The main text of the book alternates between being mildly intriguing as to how the Visionaries try to puzzle out the confusing world they've been thrown into, but at times it can also be quite yawn-inspiring. What is interesting is how the Visionaries are developed into their roles as the overall leaders of the imbued. The Edges are spectacular for a player wishes to portray a Hunter more interested in uniting the other imbued behind a common cause, rather than traveling Seekers of the Truth. If you prefer having your visionaries work behind the scenes, trying to puzzle out the hows and whys of the supernatural and the Messengers, than this book isn't necessary at all. If you

do want your Visionaries to take a more active leadership role in the hunt, however, this is a great book to have.

I like these guys, always trying to figure out why. In a gaming session they are a big help as they can give insight into the enemy. They are a little weird, but it only makes gametime more fun.
