Wealth Magick: The Secrets Of Extreme Prosperity

Synopsis

Damon Brand reveals the closely guarded secrets of the super-rich. This much sought-after volume is available once more. It contains a complete magickal system for attracting great wealth. The system has been developed over thirty years by a group of occultists known as The Gallery of Magick. Magick is not for everybody, and the magick in this book is certainly not suitable for the casual user, or for somebody who just wants a little extra cash. Although you do not need any particular skills or experience to benefit from this book, you do need to dedicate time, effort and mental energy to the working, as well as moving the focus of your life to wealth. If you are prepared for that level of commitment, there can be great rewards. This book is designed for those who want to focus on long term wealth creation. It is not designed for those in desperate poverty, but for those who can afford to turn their attention to wealth. Damon says, "To be clear, and for the sake of complete honesty, I am not super-rich, but I am extremely wealthy compared to where I was a few years ago, and compared to my childhood I feel like a billionaire. I have also found that the effects of the working grew long after it was initially performed, with my wealth continuing to expand years later." How rich you become is up to you. Wealth Magick concentrates magick into a series of workings that will enable you to attract the wealth you desire. If you want money, it's yours. As Damon Brand points out, magick is often over-complicated. He says, "Before you know it you're trying ten different methods at once and your house is filled with candles, altars, incense and all sorts of images, crystals and magickal gadgets. The good news is that most of this can be thrown out. Everything you need is contained in Wealth Magick.™" You do not have to spend years performing endless spells or make offerings to dangerous spirits. This method has been concentrated into the purest magick. You begin attracting wealth from day one. You should note, however, that this is not a quick fix, and although the daily rituals are brief, several months of dedication are required. The magickal operations in this book are not about attracting a little extra cash. They are about creating a completely new lifestyle, based on a flow of extreme prosperity. Only go ahead if you genuinely want to focus on creating wealth and if you are willing to accept the challenges and changes that come with extreme wealth. You will discover: The number one mistake people make when trying to manifest money. A set of unique secret seals, drawn from ancient texts and combined with modern magick. The power of The Daily Practice. Seven wealth workings that can not be found anywhere else. WARNING: This book uses angels and demons to attain your desires. The entire working is made safe by three omnipotent angels who oversee the operation, but if the thought of working with demons makes you uneasy, look to my other books such as Magickal Cashbook and Magickal Riches, which have no demonic content. DISCLAIMER: Magick is not for

everybody. If you are drawn to magick, you will get good results. If you are afraid of magick, you will not. The magick in Damon Brand's books has been developed by The Gallery of Magick to get results safely. There is plenty of evil in the world, but there is no evil in these books. You will not be punished by karma or chased down by demons, and there is no magickal backlash that will punish you for being rich. But if you are afraid of magick or think that magick is evil or that you are underserving of wealth, this book is not for you. If you're uncertain, you can read more about magick on the website. If you feel that magick can help you take control of your life, then welcome the power that this book offers.

You definitely need an open mind for this one. You also need a LOT of time. The individual workings aren't that long or complicated by themselves; that's not the time-consuming part. It's just that you have to do each working on multiple days, and if you add up the number of days you're supposed to repeat each working, you'll note that the entire system takes 165 days to complete, start to finish. Yes, you do only have to run the whole thing once, and yes, the individual workings don't take that long to do, so it's not like you won't have the time each day to do the work. But know that this is a long-term project to be worked over several months, and it's DEFINITELY not intended as a quick

fix. You also need an open mind, and--let me be diplomatic here--a bipartisan attitude when it comes to the spirits involved in this work. I'm going to be generic with this next part on purpose: Those who are more on the side of the Light may not feel too comfortable working with the Shadow-side spirits; but then again, the Shadow crowd may well wonder why they have to spend so much time in the process dealing directly with the agents of Light. So be prepared to "work across the aisle," so to speak, regardless of your spiritual persuasion. I admit I have yet to start on this: there are a few other books of Mr. Brand's that I'm working on, and which I'll need to see results from, before I sign on THIS particular dotted line. The reason I can't give this five stars is that Brand goes a little short on the REAL "Is it safe?" question. He does say that doing this working will bring huge changes in your life, and don't panic if a major apple cart gets upset. With all due respect to Mr. Brand, that is NOT the "Is it safe?"

Wealth Magick The Secrets of Extreme Prosperity by Damon Brand opens with the author confronting the discussion on how some occultists are poor and that there are extremely wealthy people who have never used magic in their life to obtain wealth. He goes on to explain that there is more to it than that. He mentions that there are highly affluent men and woman who secretly use magick to maintain and increase their wealth. However, he explains that many are secret about it because there is great power in discretion/secretcy. He also warns that the magical techniques in this book are so powerful that they will change a person's life and that they must go ahead with doing so if they want the changes associated with wealth (i.e. being introduced to more and/or different people, going different places, spending your time differently, opening more doors, making your distant life a memory etc (all written by him in the beginning of the book). Brand also gives credit for the spells to those shared by other wealthier members of his secret occult group that he belongs to. However, he was chosen to be their spokesperson due to his successful career as a writer. I also felt like he truly understood the life game involved with striving for a wealthier lifestyle when he emphasized that it is ok to use one's pain with their money challenges as fuel to financially better themselves (rather than just ignoring it or trying to convince oneself to believe that money is not important). Before going into the spells for wealth, Brand also tells the truth that a person who owns their own business may more likely obtain their financial objectives quicker than a person with a 9 to 5 job. However, he does not say that a person with a job (whether private sector, federal job, minimum wage job etc.) is doomed to poverty.
