# Cheiro's Guide To The Hand

## Synopsis

He was the Jeane Dixon of the early 20th century, psychic advisor to world-famous names in politics, entertainment, and royalty. In this 1900 work, a smaller companion to his now-classic *Language of the Hand*, Cheiro introduces us to the paranormal realm he most often utilized: palm reading, also known as cheiromancy (from which he borrowed his stage name). From what the size and shape of the thumb says about a person's character-as much as those of the nose do!-to interpreting the lines of the palm, here is everything you need to know, based on Cheiro's "practical professional experience," about talking to the hand... and listening to what it has to say. Irish occultist Cheiro-aka WILLIAM JOHN WARNER (1866-1936)-wrote a number of books, including *Palmistry for All* and *Cheiro's Guide to the Hand*. Among his famous followers were Mark Twain and Oscar Wilde.

## Book Information

Paperback: 152 pages

Publisher: Cosimo Classics (April 1, 2007)

Language: English

ISBN-10: 1602062366

ISBN-13: 978-1602062368

Product Dimensions: 5 x 0.4 x 8 inches

Shipping Weight: 5.6 ounces (View shipping rates and policies)

Average Customer Review: 4.4 out of 5 stars [See all reviews](#) (5 customer reviews)

Best Sellers Rank: #214,094 in Books (See Top 100 in Books) #10 in [Books > Religion & Spirituality > New Age & Spirituality > Divination > Palmistry](#) #2800 in [Books > Textbooks > Social Sciences > Psychology](#) #4724 in [Books > Self-Help > Personal Transformation](#)

## Customer Reviews

This book is a reproduction of the original work in the 1800's. The original work's pictures perhaps were better. However, in this reproduction, the plates to which the author refers constantly, are very poor, reproduced in a very tiny size, you hardly can see the lines or features to which the author refers the reader to see. Since this is crucial to understand the meaning of the lines of the hand, I feel this is very unfortunate in this book. The only good drawing, where you clearly can see the author's writings is the one in the front cover. I had to look at it constantly in order to understand what the author was talking about, the inside pictures were of little help.

The pictures in this book were hard to see and the illustrations were difficult to read. Wish I would have gotten a different palmistry book.

A really informative classic on the topic. Charts are useless but the information in this book is in depth and easy to understand

Cheiro's Guide To The Hand A very good informative book. The asian roots of astrology studied by Cheiro and then organizing it to the best is what I liked about the book and would say it is a must read as the one line that has stuck onto my consciousness from his book is "the hand is the index of the mind"...which from experience I realize now is so true !!PeaceSantosh

This is a classic and a must read for any aspiring Palm Reader.
