## Customer Reviews

I have to say, I spent a lot of time deciding which book to buy and I chose this one based on the reviews. I do not typically give a negative review but I felt it necessary to point out that this book is quite small and Robertson states that the book is from the information he gives during seminars, etc. Honestly, and this is not reflection on the man himself because I know he is respected for the work that he does, but the book is very, very basic and truly makes psychic abilities seem like nothing more than parlor tricks. This may be one of the first times I have ever said this in regards to a book, but I feel that I wasted my money on this purchase.

I have taken expensive classes on medium training which have helped me tremendously, that said this book does many times more than its price when it comes to helping you in real life. First off, the White Light protection technique is one I've never used but this explanation encouraged me to use it. Blair's was simple and I could do it. I usually have a hard time visualizing but his worked exceptionally well. Then comes the training. Three steps that anyone can do and get results. I did them and lo and behold it's true! I got a response that was positive and true. Finally the pendulum is taught and that is something I've always had trouble with. I just thought I couldn't do it right. Using Blair's technique and instruction I did get results and now know what I've been doing wrong. All in all this book is the real deal. Simple, concise, and affordable. You can't go wrong with this one.

I downloaded this book and will be purchasing the physical version not only for myself but for friends and family! This book is well worth it, it was easy to read and comprehend it also had great little funny moments which made it a pleasure to read. Honestly I am not big on reading and I tend to put books down and come back rarely but this book kept my interest and I only put it down once to answer the phone and I told the caller I would call them back when I was finished.

Blair Robertson's book is easy to read and easy to understand and is also entertaining. I've had the pleasure of attending one of his events and Blair and his wife are honest and kind, they genuinely want to share information that will help you. What happens at these events is the information he is

sharing with you makes a lot of sense, at least it did for me. I couldn't wait to read his book to understand more, Keep em' coming.

The writing style is enjoyable and there are some nuggets that I have taken on board, such as the white light meditation for protection. But it does not have enough substance to really teach intuition and the numerology section should be in another book. And I am not sure I agree with the author's comments that you should not use intuition for gambling and lotto. After all, they both have a long history that intertwines with intuition, prophetic dreams, meditation and psychic ability. I am finding "The Intuitive Way" by Penny Peirce a far better book for teaching intuition.

Having had the opportunity to meet Blair~ reading the book was a must. As a new comer to this topic after losing my dad this year and wanting to be able to reach him being open was necessary. This book is enlightening, a well written manuscript that even the beginner can read and understand. Another step on my path. Thank you Blair for sharing with us! Love & Light!

This book was an easy read with many plain language hints to help understand and interpret the different types of intuitive messages. I so appreciate Blair's openness and willingness to help open our minds and spirits to what is already there for us. Thanks Blair!Marie

Blair has such a gift for explaining aspects of psychic development in simple terms that almost anyone can grasp. He takes the "spooky factor" out of learning to tap into one's own intuitive abilities with simple tools to get started. I love his down-to-earth approach to teaching anyone, whether novice or expert, how to learn to listen to their own instincts and find a connection to their Spirit Guides. Definitely GOOD STUFF!!!
