Trump For President: Astrological Predictions

Synopsis

Take Donald Trump seriously. He's in the race all the way to become president of the United States. The bombast, the buttons he pushes to get people in a distracted nation talking about women's equality and illegal immigration are primed and fired for affect. We're talking about "The Donald" here, at a time in US history when a New York City real estate developer-cum-television celebrity and multi-billionaire business tycoon has saved away decades of collateral attention for his political close-up. He's carefully stockpiled the silver bars of bad press with the gold bars of good. He's let you have a tantalizing glimpse, year after year, on NBC's *The Apprentice* and *Celebrity Apprentice*, of just how smooth an operator a real chief executive can be. We've grown familiar with his style, his larger-than-life ways all witnessed by a crowning shock of bleached-to-cherry blond hair. Let me be frank with you, he has carefully collected a fortune of leverage made of another currency more subtle than mere money—the currency of notoriety and your familiarity. A sustained attraction for decades fashioned out of love or hate of Trump, works like a carrying fund payment on a property investment. It's time to spend it. Donald John Trump approaches completing his 70th year on this Earth playing the Game of Life, gaming it well, doing what he loves, and enjoying himself terrifically. A good deal maker and investor has good timing. It's time to cash in. It's the right moment to raise the stakes in his game, thinking bigger than he's ever dreamed before. Here he comes, and let me tell you, he's primed and ready to negotiate his biggest, most fantastic, most challenging, most stupendous deal yet: convince a majority of the American people to vote for Trump as their next president. The stars clearly indicate that the subject of this book can take a punch if criticism is fair. Therefore, internationally acclaimed astrologer and prophecy expert, John Hogue, will pull no punches or deny any positive potentials in this unique astrological study of a genius promoter who may be the next president of the United States. Love him or hate him, people of all opinions pro or con about Donald Trump will find something captivating, surprising and altogether illuminating in this thoroughly entertaining astrological examination. I have known John Hogue for fifteen years, during which time he has appeared on my radio program many, many times. Every year, he predicts on the program in the first quarter and we hold his feet to the fire during the summer. And every year, he proves to be fireproof. He's accurate. Uncannily accurate. Whitley Strieber, author of *Communion* and *The Coming Global Superstorm* with Art Bell, John Hogue is author of 600 articles and 35 published books (1,170,000 copies sold) spanning 20 languages. He has predicted the winner of every US Presidential Election since 1968, giving him a remarkable 12 and 0 batting average. Hogue is a world-renowned expert on the prophecies of Nostradamus and other

prophetic traditions. He claims to focus on interpreting the world's ancient-to-modern prophets and prophecies with fresh eyes, seeking to connect readers with the shared and collective visions of terror, wonder and revelation about the future in a conversational narrative style. Hogue says the future is a temporal echo of actions initiated today. He strives to take readers back to the present • empowering them to create a better destiny through accessing the untapped potentials of free will and meditation.

Customer Reviews

I just finished John Hogue's new book on the astrology of Donald Trump and found it disappointing. As a professional astrologer and fellow author who has been in the field since 1978, I found Hogue's astrology to be questionable on multiple points; he seemed to completely ignore the most prominent and dramatic elements of Trump's chart and focused instead on weaker and more dubious elements of the chart. Three of the most basic rules in astrology are that (1) conjunctions are much more powerful and meaningful than other aspects, (2) angular planets are

more important than planets in other houses, and (3) aspects to the Sun and Moon are more important than aspects to other planets. Hogue seemed to break all three of those rules in this book. For example, Hogue completely ignored Trump's Angular Full Moon Eclipse and focused instead on a weak, obscure, nonangular, officially out-of-orb square between Mercury and Jupiter. Just as an eclipse is one of the most dramatic spectacles in the heavens, being born during an eclipse is one of the most powerful horoscopes any person can have. Trump was born under an Angular Full Moon Eclipse with Sun in a tight triple conjunction with Uranus and the Node at the top of the chart, a tremendously empowering, rare, and fateful alignment that Hogue incredibly chose not to mention in his book at all. Instead of focusing on the most prominent feature of the entire chart, Hogue went on and on about some inactive, out-of-orb square between Mercury and Jupiter, an aspect that, being more than 8 degrees from exact, traditional astrology doesn't recognize as being an active element in the chart at all. Yet Hogue focused intently on it, all while completely ignoring the elephant in the room - Trump's Angular Eclipse. Shoddy astrology does no one any good.
