Tarot For Beginners: A Guide To Psychic Tarot Reading, Real Tarot Card Meanings, and Simple Tarot Spreads

Synopsis

Everything You Need to Know about Reading Tarot Cards FREE gift included inside! Do you want to enhance your life by tapping into the wisdom of the Universe and your own intuition? For centuries, Tarot cards have been used as a method of divination by those seeking guidance and direction. The cards have the power to offer hope, reassurance, and support to readers as they meander through the ups and downs of life. In fact, the Tarot have even been known to trigger previously unknown solutions to major dilemmas – whether you consider the message to have come from your own intuition, or more mystical sources. Contrary to the popular myth, you don't need psychic powers to read Tarot. All you need is a willingness to learn, time to practice, and the ability to hone and trust your natural intuition. Reading the Tarot is a combination of skills born from following instructions, listening to intuition, and making educated leaps of thought. As complicated as it may seem at first, it's actually a relatively simple process. Seasoned Tarot readers would say that it's a natural habit – something that comes like second nature to them. You too can reach that level of experience and comfort with the Tarot, through practice and patience.

Tarot for Beginners Tarot for Beginners was created to teach regular people how to work with the mystical Tarot cards and change their life for the better – not to mention starting a fascinating new hobby, and having fun while doing it! This guide will provide you with everything a beginner needs to know about Tarot, including the most popular card meanings to get you started. Whether you're using a traditional deck like Waite-Smith or the Tarot of Marseille, or a more specialist deck, the definitions included in this guide are relevant, and a solid starting point for a skill that you can carry with you for a lifetime. Remember, though: nothing is set in stone with Tarot. Reading Tarot involves listening to your intuition; as you become a skilled reader, the card meanings might evolve into something more personal to you. That is the beauty of Tarot, as different readers interpret things in their own unique style. If you're just starting out, though, this book is the perfect first step on your journey! We will also dive deeper into the Tarot: you will learn about the history of Tarot, the Major and Minor Arcana, and the positions and meanings of the cards in some of the world's most popular Tarot spreads. In other words, Tarot for Beginners will teach you everything you need to start reading Tarot, today!

Customer Reviews

Have been doing Tarot for years but am always interested in new books; in fact, I collect books and cards because there are so many different decks of cards even though they represent the same thing. Missed the fact that there were no pictures in Lisa's book but that doesn't mean it does not have its merit. For the beginner, sort of helps to see the card so one can associate it with its meaning especially since it can have a completely different meaning reversed. Note: I am a visual person and this is just my opinion; no discredit to the book.

I love the way Lisa Chamberlain writes. Like in her other books, she encourages the reader to listen to their intuition and use books as resources or guidelines instead of ignoring intuition for conflicting information in a book. She provides basic information about each card and common spreads. Also there is some insight about other uses for the three card spread than what I have seen in other books.

I've been waiting for a book which could assist me with understanding the Tarot. I had bought a deck awhile ago and this book has been very helpful in teaching me. It is easy to understand and

helps to make clear what I thought was an intimidating skill to learn I highly recommend this book for beginners.

Most Tarot books for beginners are all spreads and card definitions. This book is that and more. Like all of Lisa Chamberlain's books this one is easy to understand and is educational also. There is historical info. Exercises to prepare your mind for effective readings and a section on how to choose the right deck for you. I really enjoyed reading this book.

Good basic introductory text into the world of Tarot cards and Tarot reading. This book gives the reader an overview into the history and different uses of Tarot. The bulk of the book is devoted to explaining the meanings of the Tarot cards (78 cards) and how they can be used in a Tarot reading. From looking at movies and television shows, it is clear that there are many different ways of performing a reading (the way you lay out the cards - spreads) The book doesn't go beyond mentioning the most basic method of performing a reading.

I appreciate the inclusion of illustrations of each card from a classic deck and the diagram of a basic spread. The writing was easy to follow and the information on each card wasn't overwhelming. I've read other books on tarot before, but this one really simplified things and I wish I had read this one first.

Lisa Chamberlain has done it again! This book is filled with a wealth of information and is written in an easy to understand form. I personally, learned a lot and will be using this book as a go to source in the future. Highly recommended .

I was always a bit sceptic about tarot but after reading this book I got more interested in this theme. A lot of my preconceived ideas got demystified and I am now very keen to learn more. Even got me buying other books about tarot. A very good book for disbelievers like I was to begin to understand that not everything is black and white.
